DIRECTORS' REPORT

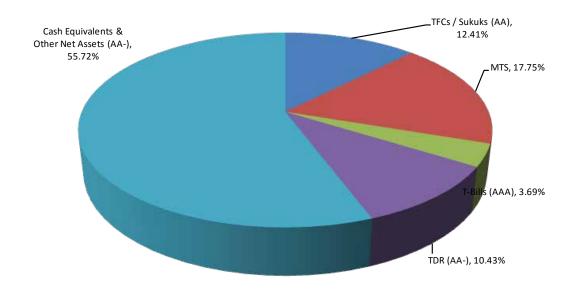

The Board of Directors of NBP Fund Management Limited is pleased to present the Eleventh Annual Report of **NAFA Income Fund (NIF)** for the year ended June 30, 2018.

Fund's Performance

The size of NAFA Income Fund has decreased from Rs. 922 million to Rs. 804 million during the period, i.e. a decline of 13%. During the said period, the unit price of NAFA Income Fund has increased from Rs. 9.7548 on June 30, 2017 to Rs. 10.2938 on June 30, 2018, thus posting a return of 5.5% as compared to its Benchmark return of 6.3% for the same period. The return of the Fund is net of management fee and all other expenses.

NIF is categorized as an Income Scheme and has been awarded stability rating of A (f) by PACRA. The trading activity in TFCs/Sukuks improved but remained skewed towards high quality debt issues with cumulative traded value of Rs. 20.8 billion in FY18 compared to Rs. 9.1 billion during the previous year. The trades were mainly concentrated in the banking sector debt securities with 66% contribution. During FY 2018, State Bank of Pakistan (SBP) held six (06) bi-monthly monetary policy reviews. During the first half of FY18, the SBP maintained the policy rate at 5.75% owing to strong likelihood of continued growth momentum; contained inflation; and anticipation of gain in exports due to improvement in domestic energy supplies and incentives given to exports industry. However, in the latter half, the SBP cumulatively increased the policy rate by 75 basis points to 6.5% in response to growing pressures on the external front driven by ballooning Current Account Deficit (CAD), preempt overheating of the economy, and rein in inflationary pressures. Sovereign yields responded to increase in the policy rate whereby 3-month, 6-month, and 12-month T-Bills yields went up by 79 bps, 90 bps, and 116 bps, respectively.

The Fund has earned income of Rs. 59.710million during the year. After accounting for expenses of Rs. 12.864 million, the net income is Rs. 46.846 million. The asset allocation of NAFA Income Fund as on June 30, 2018 is as follows:

Income Distribution

The Management Company has approved cash dividend of 5.53% of opening ex-NAV (5.39% of the par value) subsequent to the year end.

Taxation

As the above cash dividend is more than 90% of the income earned during the year, excluding realized and unrealized capital gains on investments, the Fund is not subject to tax under Clause 99 of the Part I of the Second Schedule of the Income Tax Ordinance, 2001.

Auditors

The present auditors, Messrs KPMG Taseer Hadi & Co., Chartered Accountants, retire and, being eligible, offer themselves for re-appointment for the year ending June 30, 2019.

Directors' Statement in Compliance with Code of Corporate Governance

- 1. The financial statements, prepared by the management company, present fairly the state of affairs of the Fund, the result of its operations, cash flows and statement of movement in unit holders' funds.
- 2. Proper books of account of the Fund have been maintained.
- 3. Appropriate accounting policies have been consistently applied in preparation of financial statements. Accounting estimates are based on reasonable and prudent judgment.
- 4. International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements.
- 5. The system of internal control is sound in design and has been effectively implemented and monitored.
- 6. There are no significant doubts upon the Fund's ability to continue as a going concern.
- 7. There has been no material departure from the best practices of Corporate Governance, as detailed in the listing regulations.
- 8. A performance table/ key financial data is given in this annual report.
- 9. Outstanding statutory payments on account of taxes, duties, levies and charges, if any, have been fully disclosed in the financial statements.
- 10. The Board of Directors of the Management Company held four meetings during the period. The attendance of all directors is disclosed in the note 24 to these financial statements.
- 11. The detailed pattern of unit holding is disclosed in the note 23 to these financial statements.
- 12. All trades in the units of the Fund, carried out by directors, CEO, CFO, Company Secretary and their spouses and minor children are disclosed in note 21 to these financial statements.
- 13. The Company encourages representation of independent non-executive directors on its Board. The Company, being an un-listed company, does not have any minority interest. As at June 30, 2018, the Board included:

Category	Names
Independent Directors	 Mr. Kamal Amir Chinoy Mr. Shehryar Faruque Mr. Humayun Bashir
Executive Directors	Dr. Amjad Waheed – Chief Executive Officer
Non-Executive Directors	 Mr. Mudassir Husain Khan (Chairman) Mr. Tariq Jamali Mr. Abdul Hadi Palekar Mr. Wajahat Rasul Khan Dr. FOO Chiah Shiung (Kelvin Foo)

Acknowledgement

The Board takes this opportunity to thank its valued unit-holders for their confidence and trust in the Management Company, and providing the opportunity to serve them. It also offers its sincere gratitude to the Securities & Exchange Commission of Pakistan and State Bank of Pakistan for their patronage and guidance.

The Board also wishes to place on record its appreciation for the hard work, dedication and commitment shown by the staff and the Trustee.

On behalf of the Board of **NBP Fund Management Limited**

TRUSTEE REPORT TO THE UNIT HOLDERS

Report of the Trustee Pursuant to Regulation 41(h) of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

NAFA Income Fund, an open-end Scheme established under a Trust Deed dated January 03, 2008 executed between NBP Fullerton Asset Management Limited, as the Management Company and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Scheme was authorized by Securities and Exchange Commission of Pakistan (Commission) on January 29, 2008.

Subsequently, CDC retired as the Trustee of the Fund and MCB Financial Services Limited (MCBFSL) was appointed as the new trustee with effect from November 22, 2011.

- 1. NBP Fullerton Asset Management Limited, the Management Company of NAFA Income Fund has in all material respects managed NAFA Income Fund during the year ended June 30, 2018 in accordance with the provisions of the following:
 - (i) Investment limitations imposed on the Asset Management Company and the Trustee under the trust deed and other applicable laws;
 - (ii) the valuation or pricing is carried out in accordance with the deed and any regulatory requirement;
 - (iii) the creation and cancellation of units are carried out in accordance with the deed;
 - (iv) and any regulatory requirement

Khawaja Anwar Hussain Chief Executive Officer MCB Financial Services Limited

Karachi: September 19, 2018

FUND MANAGER REPORT

NAFA Income Fund (NIF) is an Open-End Income Scheme.

Investment Objective of the Fund

The objective of NIF is to earn a competitive rate of return while preserving capital to the extent possible by investing in liquid assets.

Benchmark

6 Month – KIBOR.

Fund Performance Review

This is the Eleventh Annual report since the launch of the Fund on March 28, 2008. The Fund size decreased by 13% during FY18 and stands at Rs. 804 million as on June 30, 2018. The Fund's return since its inception is 4.3% versus the benchmark return of 9.8%. During FY18, the Fund posted an annualized return of 5.5% as compared to benchmark return of 6.3%. The return of the Fund is net of management fee and all other expenses.

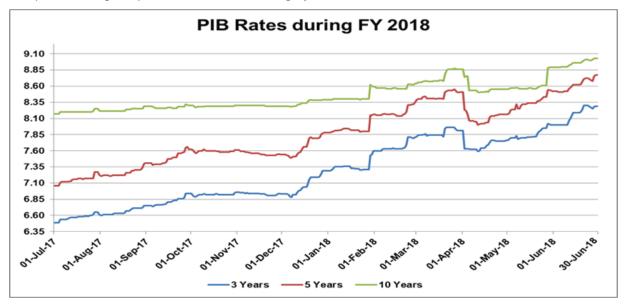

The weighted average Yield-to-Maturity of the Fund is around 7.6% p.a. while the yield does not include potential recovery in fully provided TFCs/Sukuks (Face Value of Rs 309 million), which is a potential upside for the Fund. Weighted average time to maturity of the Fund is 0.5 year.

The trading activity in TFCs/Sukuks improved but remained skewed towards high quality debt issues with cumulative traded value of Rs. 20.8 billion in FY18 compared to Rs. 9.1 billion during the previous year. The trades were mainly concentrated in the banking sector debt securities with 66% contribution. During FY 2018, State Bank of Pakistan (SBP) held six (06) bi-monthly monetary policy reviews. During the first half of FY18, the SBP maintained the policy rate at 5.75% owing to strong likelihood of continued growth momentum; contained inflation; and anticipation of gain in exports due to improvement in domestic energy supplies and incentives given to exports industry. However, in the latter half, the SBP cumulatively increased the policy rate by 75 basis points to 6.5% in response to growing pressures on the external front driven by ballooning Current Account Deficit (CAD), preempt overheating of the economy, and rein in inflationary pressures. Sovereign yields responded to increase in the policy rate whereby 3-month, 6-month, and 12-month T-Bills yields went up by 79 bps, 90 bps, and 116 bps, respectively.

Asset Allocation of Fund (% of NAV)

5000001-10000000	2
10000001-100000000	1
	143

During the period under question:

There has been no other significant change in the state of affairs of the Fund. NAFA Income Fund does not have any soft commission arrangement with any broker in the industry.

Sindh Workers' Welfare Fund (SWWF)

The scheme has maintained provisions against Sindh Workers' Welfare Fund's liability to the tune of Rs.2,780. If the same were not made the NAV per unit/FY18 return of scheme would be higher by Rs.0.0356/0.36%. For details investors are advised to read note 13.1 of the Financial Statement of the Scheme for the year ended June 30, 2018.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the NAFA Income Fund ("the Fund"), which comprise the statement of assets and liabilities as at 30 June 2018, income statement, statement of comprehensive income, cash flow statement and statement of movement in unit holders' fund for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S. #	Key audit matters	How the matters was addressed in our audit
1.	Valuation of Investments	
	Refer note 4.1 and 6 to the financial statements for accounting policies and details of investments.	Our audit procedures in respect of valuation of investments included the following:
	The Fund's investment portfolio includes debt securities of Rs. 129 million classified as fair value through profit or loss as at 30 June 2018.	Obtaining an understanding of and testing the design and operating effectiveness of controls designed to ensure for the valuation of investments;
	We identified the valuation of investments as key audit matter because of its significance in relation to the net asset value of the Fund.	 assessing whether investments were valued at fair value based on the prices of the year end quoted by Mutual Fund Association of Pakistan (MUFAP); and
		 assessing that the basis used by the management to determine impairment against debt securities have been as per the requirements of MUFAP and Securities and Exchange Commission of Pakistan circular No.33 of 2012.

S. #	Key audit matters	How the matters was addressed in our audit
2.	Amendments to the NBFC Regulations, 2008	
	Refer to note 4 to the accompanying financial statements with respect to element of income. The amendments to NBFC Regulations, 2008 brought through SRO 756(I)/2017 dated 03 August 2017 issued by Securities and Exchange Commission of Pakistan (SECP) and methodology specified by MUFAP duly consented by SECP, have necessitated changes in accounting policies with respect to recording of element of income / loss on net basis from income statement to unit holders' fund directly and consideration of Income already paid on units redeemed as dividend. The said SRO also required certain presentation changes. The Fund has applied these changes with effect from 1 July 2017. We identified the said changes as a key audit matter because application of these changes involved complex calculations and judgment in respect of determination of income already paid on units redeemed (element of income as dividend), distribution and refund of capital (element of income) to conform with methodology specified by MUFAP for such calculations.	 Our audit procedures in respect of change in accounting polices due to amendments in NBFC Regulations 2008 included the following: Obtaining an understanding of requirements of amendments to NBFC Regulations, 2008 and methodology specified by MUFAP duly consented by SECP for estimation of income already paid on units redeemed (element of income as dividend), distribution and refund of capital (element of income). Testing, on sample basis, that income already paid on units redeemed (element of income as dividend), distribution and refund of capital (element of income) have been determined as per methodology specified by MUFAP in the consultation of SECP. Assessing the adequacy of disclosures made with respect to change in accounting policies and the requirements of NBFC Regulations, 2008.

Other matter

The financial statements of the Fund for the year ended 30 June 2017 were audited by another auditor who expressed an unmodified opinion on those financial statements on 22 September 2017.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Fund's Annual Report for 2018, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Annual Report 2018

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit, in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation Rules, 2003) and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditors' report is Muhammad Nadeem.

Notes to and forming part of the Financial Statements For the year ended 30 June 2018

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 NAFA Income Fund (the Fund) was established under a Trust Deed executed between NBP Fund Management Limited, as the Management Company and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Trust Deed was executed on 03 January 2008 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on 14 December 2007 in accordance with the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules). Subsequently, CDC retired as the Trustee of the Fund and MCB Financial Services Limited (MCBFSL) was appointed as the new Trustee with effect from 22 November 2011. The SECP approved the appointment of MCBFSL as the Trustee in place of the CDC on 15 November 2011. Accordingly, the Trust Deed of the Fund was revised through a supplemental Deed executed between the Management Company, CDC and MCBFSL.
- 1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered ofce of the Management Company is situated at 7th Floor, Clifton Diamond Building Block No. 4, Scheme No.5, Clifton, Karachi.
- 1.3 The Fund is an open-ended mutual fund categorised as income scheme and its units are listed on Pakistan Stock Exchange Limited. Units of the Fund are offered for public subscription on a continuous basis. The units of the Fund are transferable and can be redeemed by surrendering them to the Fund.
- 1.4 The investment objective of the Fund is to earn a competitive rate of return while preserving capital to the extent possible by investing in liquid assets. The Fund comprises of investments of various time horizons with a signicant amount invested in short term investments for the purpose of maintaining liquidity.
- 1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of 'AM1' to the Management Company and a stability rating of 'A(f)' to the Fund.
- 1.6 Title of the assets of the Fund is held in the name of MCBFSL as a trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of International Financial Reporting Standards (IFRS standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017, provisions of and directives issued under the Companies Act, 2017 along with part and the requirements VIIIA of the repealed Companies Ordinance, 1984 and the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (the NBFC Regulations). Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Accounting convention

These financial statements are prepared under the historical cost convention except for certain investments which are carried at fair values.

2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Fund's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to the nearest thousand rupees, except otherwise stated.

2.4 Critical accounting estimates and judgments

In preparing these financial statements, management has made judgement, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to estimates are recognized prospectively. Information about judgements made in applying accounting policies that have the most significant effects on the amount recognized in the financial statements to the carrying amount of the assets and liabilities and assumptions and estimation uncertainties that have a significant risk resulting in a material adjustment in the subsequent year relates to;

- Classification and valuation of investments (refer note 4.1 and note 6).
- Element of income (refer note 4)

3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2018:

- Classification and Measurement of Share-based Payment Transactions amendments to IFRS 2 clarify the accounting for certain types of arrangements and are effective for annual periods beginning on or after 1 January 2018. The amendments cover three accounting areas (a) measurement of cash-settled share-based payments; (b) classification of share-based payments settled net of tax withholdings; and (c) accounting for a modification of a share-based payment from cash-settled to equity-settled. The new requirements could affect the classification and/or measurement of these arrangements and potentially the timing and amount of expense recognized for new and outstanding awards. The amendments are not likely to have an impact on the Fund's financial statements.
- Transfers of Investment Property (Amendments to IAS 40 'Investment Property' effective for annual periods beginning on or after 1 January 2018) clarifies that an entity shall transfer a property to, or from, investment property when, and only when there is a change in use. A change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. In isolation, a change in management's intentions for the use of a property does not provide evidence of a change in use. The amendments are not likely to have an impact on the Fund's financial statements.

- Annual Improvements to IFRSs 2014-2016 Cycle [Amendments to IAS 28 'Investments in Associates and Joint Ventures'] (effective for annual periods beginning on or after 1 January 2018) clarifies that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. The amendments are not likely to have an impact on the Fund's financial statements.
- IFRIC 22 'Foreign Currency Transactions and Advance Consideration' (effective for annual period s beginning on or after 1 January 2018) clarifies which date should be used for translation when a foreign currency transaction involves payment or receipt in advance of the item it relates to. The related item is translated using the exchange rate on the date the advance foreign currency is received or paid and the prepayment or deferred income is recognized. The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) would remain the date on which receipt of payment from advance consideration was recognized. If there are multiple payments or receipts in advance, the entity shall determine a date of the transaction for each payment or receipt of advance consideration. The application of interpretation is not likely to have an impact on the Fund's financial statements.
- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The application of interpretation is not likely to have an impact on the Fund's financial statements.
- IFRS 15 'Revenue from contracts with customers' (effective for annual periods beginning on or after 1 July 2018). IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaces existing revenue recognition guidance, including IAS 18 'Revenue', IAS 11 'Construction Contracts' and IFRIC 13 'Customer Loyalty Programmes'. The Fund is currently in the process of analyzing the potential impact of changes required in revenue recognition policies on adoption of the standard. The amendments are not likely to have an impact on the Fund's financial statements.
- IFRS 9 'Financial Instruments' and amendment Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 July 2018 and 1 January 2019 respectively). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The amendments are not likely to have an impact on the Fund's financial statements.

Annual Report 2018

- IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low- value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. The amendments are not likely to have an impact on the Fund's financial statements.
- Amendment to IAS 28 'Investments in Associates and Joint Ventures' Long Term Interests in Associates and Joint Ventures (effective for annual period beginning on or after 1 January 2019). The amendment will affect the funds that finance such entities with preference shares or with loans for which repayment is not expected in the foreseeable future (referred to as long-term interests or 'LTI'). The amendment and accompanying example state that LTI are in the scope of both IFRS 9 and IAS 28 and explain the annual sequence in which both standards are to be applied. The amendments are not likely to have an impact on the Fund's financial statements.
 - Amendments to IAS 19 'Employee Benefits'- Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after 1 January 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, the Fund now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on the Fund's financial statements.
 - Annual Improvements to IFRS Standards 2015-2017 Cycle the improvements address amendments to following approved accounting standards:
 - IFRS 3 Business Combinations and IFRS 11 Joint Arrangement the amendment aims to clarify the accounting treatment when a company increases its interest in a joint operation that meets the definition of a business. The Fund remeasures its previously held interest in a joint operation when it obtains control of the business. The Fund does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
 - IAS 12 Income Taxes the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.
 - IAS 23 Borrowing Costs the amendment clarifies tha theFund treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective from annual period beginning on or after 1 January 2019 and are not likely to have an impact on the Fund's financial statements.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements have been consistently applied to all periods presented except for the change in accounting policies as stated below:

New, Amended and Revised Standards and Interpertations of IFRSs

There are new and amended standards and interpretations that are mandatory for accounting periods beginning 01 July 2017 but are considered not to be relevant or do not have any significant effect on the the Funds' financial statements and are therefore not stated in these financial statements.

Application of Companies Act, 2017

The Companies Act, 2017 was enacted on 30 May 2017 and SECP vide its circular 23 of 2017 which application has been deferred till 31 December 2017. Therefore, the provision of the Companies Act, 2017 are applicable from 01 January 2018 (refer note 2.1). However, it does not have any significant impact on the Fund's financial statements.

Element of income

Up to 30 June 2017, the element of income / (loss) and capital gains / (losses) included in the prices of units issued less those in units redeemed to the extent that it is represented by income earned during the accounting period is recognized in income statement on net basis and to the extent that it is represented by unrealised appreciation / (diminution) arising during the year on available for sale securities is included in distribution statement on net basis.

Securities & Exchange Commission of Pakistan through its SRO 756(I)/2017 dated 03 August 2017 has made certain amendments in NBFCs and Notified Entities Regulations, 2008. The SRO changed the definition of accounting income in regulation (63) sub-regulation (I) which excludes the element of income from "accounting income". As per SRO, element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. It also specify that element of income is a transaction of capital nature and the receipt and payment of element of income shall be taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

The said SRO also deleted 'Distribution Statement' and requires additional disclosures with respect to "Income Statement" (relating to allocation of net income for the year) and "Statement of Movement in Unit Holders' Fund" and recording of element of income / loss included in price of unit issued or redeemed directly in Statement of movements in unit holders' fund instead of income statement. "MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the year under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the year.

As required by IAS 8: 'Accounting Policies, Changes in Accounting Estimates and Errors', a change in accounting policy requires retrospective application as if that policy had always been applied. However, the Management Company has applied the above changes in accounting policy, including the additional disclosures requirements in the 'Income Statement' and 'Statement of Movement in Unit Holders' Fund', prospectively from 01 July 2017 as clarified by SECP vide its email dated 7 February 2018. Accordingly, corresponding figures have not been restated. Had the element of income been recognised as per the previous accounting policy, the income of the Fund would have been lower by Rs. 4.660 million net off charge for SWWF in respect of element of income and consequently NAV per unit would have been higher by Rs. 0.0012.

4.1 Financial assets

4.1.1 Classification

The Fund classifies its financial assets in the following categories: loans and receivables, at fair value through profit or loss and available for sale. The classification depends on the purpose for which the financial assets were acquired. The Management Company determines the appropriate classification of its financial assets at the time of initial recognition and re-evaluates their classification on a regular basis.

a) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

b) Financial assets at fair value through profit or loss

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as held for trading in the financial assets 'at fair value through profit or loss' category.

c) Available for sale

Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables and (b) financial assets at fair value through profit or loss. These are intended to be held for an indefinite period of time which may be sold in response to needs for liquidity or changes in prices.

4.1.2 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.1.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

4.1.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as at fair value through profit or loss and available for sale are valued as follows:

a) Basis of valuation of Debt Securities (other than government securities)

The debt securities are valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its Circular No. 33 of 2012 dated 24 October 2012. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

b) Basis of valuation of Government Securities

The government securities are valued on the basis of rates announced by the Financial Markets Association of Pakistan.

Net gains and losses arising from changes in the fair value of financial assets carried at fair value through profit or loss are taken to the 'income statement'.

Net gains and losses arising from changes in fair value of available for sale financial assets are taken to the statement of comprehensive income until these are derecognised or impaired. At this time, the cumulative gain or loss previously recognised directly in the 'statement of comprehensive income' is transferred to the 'income statement'.

c) Loans and receivables

Subsequent to initial recognition, financial assets classified as 'loans and receivables' are carried at amortised cost using the effective interest rate method.

4.1.5 Impairment of financial assets

The carrying value of the Fund's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the income statement.

a) Debt securities

Provision for non-performing debt securities is made on the basis of time based criteria as prescribed under circular 33 of 2012 dated 24 October 2012 issued by SECP.

As allowed under circular no. 13 of 2009 dated 4 May 2009 and circular 33 of 2012 dated 24 October 2012 issued by SECP the management may also make provision against debt securities over and above the minimum provision requirement prescribed in the aforesaid circular, in accordance with a provisioning policy approved by the Board of Directors and disseminated by the Management Company on its website.

b) Loans and receivables

For financial assets classified as 'loans and receivables', a provision for impairment is established when there is objective evidence that the Fund will not be able to collect all amounts due according to the original terms. The amount of the provision is determined based on the provisioning criteria specified by SECP.

4.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

4.1.7 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.2 Cash and cash equivalents

Cash and cash equivalents comprise of deposits and current accounts maintained with banks. Cash equivalents are short term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

4.3 Receivable against Margin Trading System (MTS)

Securities purchased under an agreement to resell (Reverse repo) are included as receivable against MTS transactions at fair value of the consideration given. All purchases and sale of securities that require delivery within the time frame established by the regulations or market convention are recognised at the trade date. Trade date is the date at which the Fund commits to purchase or sell the assets. The MTS transactions are accounted for on the settlement date. The income is accrued at the applicable rate of return specified in the bid on the outstanding Margin Trading Transaction Value after adjustment of MTM losses.

4.4 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the income statement.

4.5 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

4.6 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed among the unit holders, provided that for the purpose of determining distribution of not less than 90% of its accounting income for the year, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts used for financial reporting purposes and amounts used for taxation purposes. In addition, the Fund also records deferred tax asset on unutilised tax losses to the extent that it is no longer probable that the related tax benefit will be realised. However, the Fund has not recognised any amount in respect of taxation in these financial statements as the Fund distributes more than ninety percent of its accounting income for the current year and intends to continue availing the tax exemption in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.9 Element of income

Element of Income represents the difference between net assets value on the issuance or redemption date, as the case may be, of units and the Net asset Value (NAV) at the beginning of the relevant accounting period.

Element of Income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net asset value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the year under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the year. The income already paid (Element of Income) on redemption of units during the year are taken separately in statement of movement in unitholders' fund.

4.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

4.11 Net assets value per unit

The net assets value (NAV) per unit, as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.12 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement on the date at which transactions take place.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss ' are included in the income statement in the period in which they arise.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as 'available for sale' investments are included in the statement of comprehensive income in the period in which they arise.
- Discount on purchase of Market Treasury Bills is amortised to income statement using the straight line method.
- Profit on bank deposits, term deposit receipts, mark-up / return on investments in debt securities and income from government securities is recognised using the effective yield method.

4.13 Distribution

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared. Based on MUFAP's guidelines (duly consented upon by SECP) distributions for the year is deemed to comprise of the portion of amount of income already paid on units redeemed and the amount of cash distribution for the year.

The distribution per unit is announced based on units that were held for the entire period. The rate of distribution is adjusted with effect of refund of capital if any based on the period of investment made during the year. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

Sindh Sales Tax on sales load		3	2
Allocation of expenses related to registrar services,			
accounting, operation and valuation services	10.3	419	808
	_	970	1,522

- 10.1 Under the revised Non-Banking Finance Companies & Notified Entities Regulations 2008, notified on 25 November 2015, the Management Company of the Fund is entitled to a remuneration of an amount not exceeding 1.5 percent of average annual net assets. Effective from 7 December 2015, the Management Company has charged its remuneration at the rate of 10% of net income subject to minimum of 0.5% of average net assets and maximum of 1% of average net assets of the Fund.
- 10.2 The Sindh Provincial Government levied Sindh Sales Tax on the remuneration of the Management Company and sales load through Sindh Sales Tax on Services Act, 2011, effective from 1 July 2011. During the year, Sindh Sales Tax at the rate of 13% (30 June 2017: 13%) was charged on management remuneration and sales load.
- 10.3 Securities and Exchange Commission of Pakistan through its SRO 1160(I)/2015 dated 25 November 2015 has revised the Non-Banking Finance Companies and Notified Entities Regulations, 2008. In the revised regulations a new clause 60(s) has been introduced allowing the management company to charge "fees and expenses related to registrar services, accounting, operation and valuation services related to CIS maximum up to 0.1% of average annual net assets of the Fund or actual whichever is less" from the mutual funds managed by it. Accordingly, such expense has been charged at the rate of 0.1% of average annual net assets of the Fund.

Annual Report 2018

11 PAYABLE TO MCB FINANCIAL SERVICES LIMITED - TRUSTEE Trustee remuneration Sindh Sales Tax on Trustee remuneration 11.1 68 97 11.2 9 13 77 110

11.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets value of the Fund. The remuneration is paid to the Trustee monthly in arrears.

The tariff structure applicable to the Fund as at 30 June 2018 is as follows:

Net Assets

Tariff per annum

0.1% per annum of net asset value

11.2 The Sindh Provincial Government levied Sindh Sales Tax on the remuneration of the Trustee through Sindh Sales Tax on Services Act, 2011, effective from 1 July 2015. During the year, Sindh Sales Tax at the rate of 13% (30 June 2017: 13%) was charged on trustee remuneration.

12 PAYABLE TO SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

Under the provisions of the NBFC Regulations, a collective investment scheme categorized as Income scheme is required to pay an annual fee to SECP, an amount equal to 0.075 percent of the average annual net assets of the Fund. The fee is paid annually in arrears.

13	ACCRUED EXPENSES AND OTHER LIABILITIES		2017	2016
			(Rupees in	1000)
	Provision for Sindh Workers' Welfare Fund	13.1	2,780	1,823

	Legal and professional charges		33	8
	Mutual fund rating fee		165	-
	Others		45	69
			6,762	6,108

13.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. Furthermore, the Honourable Supreme Court of Pakistan decided that WWF is not a tax and hence the amendments introduced through Finance Act, 2008 are ultra-vires to the Constitution. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, the MUFAP recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from 21 May 2015) and accordingly the provision maintained amounted to Rs. 4.095 million was reversed in the year 2017.

In the repealed Companies Ordinance, 1984 and the now applicable Companies Act, 2017, mutual funds have not been included in the definition of financial institutions. The MUFAP has held the view that SWWF is applicable on asset management companies and not on mutual funds.

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from 21 May 2015 to 30 June 2018, the net asset value of the Fund as at 30 June 2018 would have been higher by Rs. Rs. 0.0356 per unit (30 June 2017: 0.0195).

13.2 As per the requirement of Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective 13 June 2013. The Management Company is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law, hence a petition was collectively filed by the Mutual Fund Association of Pakistan with the Honorable Sindh High Court (SHC) on 4 September 2013.

The Honorable Sindh High Court (SHC) through its recent order dated 2 June 2016, in CPD-3184 of 2014 (and others) filed by various taxpayers, has interalia declared that Federal Excise Act 2005 (FED Act) is on services, other than shipping agents and related services, is ultra vires to the Constitution from 01 July 2011. However, the declaration made by the Honorable Court, as directed, will have affect in the manner prescribed in the judgment. The Sind High Court in its decision dated 16 July 2016 in respect of constitutional petition filed by management companies of mutual funds maintained the previous order on the FED.

Sindh Revenue Board and Federal Board of Revenue have filed appeals before Honourable Supreme Court against the Sindh High Court's decision dated 2 June 2016, which is pending for the decision. However, after the exclusion of the mutual funds from federal statute on FED from 1 July 2016, the Fund has discontinued making the provision in this regard.

Since the appeal is pending in the Supreme Court of Pakistan, the Management Company as a matter of abundant caution has retained provision for FED on management fee aggregating to Rs. 11.442 million out of which Rs. 0.822 million have been paid to the Management Company. Had the provision not been made, the Net Asset Value per unit of the Fund would have been higher by Rs. 0.1465 (30 June 2017: Rs. 0.1210) per unit.

14 CONTINGENCY AND COMMITMENT

There was no contingency and commitment outstanding as at 30 June 2018.

17 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the Management Company has distributed the income earned by the Fund during the year to the unit holders as per distribution policy (refer note 4.13) explained above, no provision for taxation has been made in these financial statements. The Management Company on 04 July 2018 (refer note 28) has declared distribution more than ninety percent of the Fund's accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders during the year.

24 ATTENDANCE AT MEETINGS OF BOARD OF DIRECTORS

23

The 64th, 65th, 66th, 67th Board meetings were held on 15 September 2017, 27 October 2017, 22 February 2018, 30 April 2018, respectively. Information in respect of attendance by directors in the meetings is given below:

Name of Director	Nu	Meetings not		
	Held during tenure of directorship	Attended	Leave granted	attended
Mr. Mudassir Hussain Khan	4	4	-	
Mr. Tariq Jamali	4	3	1	67th meeting
Mr. Abdul Hadi Palekar	4	4	-	
Mr. Lui Mang Yin (Martin Lui) (note 23.1)	2*	2	-	
Mr. FOO Chiah Shiung	4	3	1	65th meeting
(Kelvin Foo)				
Mr. Kamal Amir Chinoy	4	4	-	
Mr. Shehryar Faruque	4	4	-	
Mr. Humayun Bashir	4	4	-	
Mr. Wajahat Rasul Khan [note 23.2]	_*	-	-	
Dr. Amjad Waheed	4	4	-	

- 24.1 Mr. Wajahat Rasul Khan appointed as director on the Board with effect from 30 April 2018.
- 24.2 Mr. Lui Mang Yin (Martin Lui) resigned as director on the Board with effect from 21 December 2017.

^{*} These directors were appointed and retired during the year, therefore the number of meetings held in respect of these directors is less than the total number of meetings held during the year.

25 FINANCIAL RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by Board of Directors and Audit Committee regularly to reflect changes in market conditions and the Fund's activities.

The management of these risks is carried out by the Investment Committee (IC) under policies approved by the Board of Directors of the Management Company. The IC is constituted and approved by the Board of Directors of the Management Company. IC is responsible to devise the investment strategy and manage the investment portfolio of the Fund in accordance with limits prescribed in the Non Banking Finance Companies and Notified Entities Regulations, 2008, offering document of the Fund in addition to Fund's internal risk management policies.

The Fund primarily invests in a portfolio of money market investments such as investment-grade debt securities, secured privately placed instruments, spread transactions, continuous funding system transactions and investments in other money market instruments (including the clean placements). Such investments are subject to varying degrees of risk. These risks emanate from various factors that include, but are not limited to market risk, credit risk and liquidity risk.

25.1 Market risk

Market risk is the risk that the fair value or future cash flows of the financial instrument will fluctuate as a result of changes in market interest rates or the market price of securities due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk (equity price risk).

Management of market risk

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors and regulations laid down by SECP.

25.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as its operations are geographically restricted to Pakistan and all transactions are carried out in Pak Rupees.

25.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

(a) Sensitivity analysis for variable rate instruments

As at 30 June 2018, the Fund holds KIBOR based interest bearing term finance certificates exposing the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in KIBOR on 30 June 2018, with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 0.988 million (30 June 2017: Rs. 6.121 million).

(b) Sensitivity analysis for fixed rate instruments

Fixed rate instruments comprise Market Treasury Bills, Term Deposit Receipts and bank balances. Except for Market Treasury Bills the Fund's income and net assets are substantially independent of changes in market interest rate.

As at 30 June 2018, the Fund holds Market Treasury Bills which are classified as 'far value through profit and loss', exposing the Fund to fair value interest rate risk. In case of 100 basis points increase in rates announced by the Financial Markets Association of Pakistan on 30 June 2018, with all other variables held constant, the net income for the year and net assets would have been lower by Rs. 0.049 million (2017: Rs Nil). In case of 100 basis points decrease in rates announced by the Financial Markets Association of Pakistan on 30 June 2018, with all other variables held constant, the net income for the year and net assets would have been higher by Rs. 0.049 million (2017: Rs. Nil).

The composition of the Fund's investment portfolio and rates announced by Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of 30 June 2018 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on settlement date.

Cumulative interest rate sensitivity gap		794,361	897,771	897,771				

25.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from yield / interest risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Presently, the Fund is not exposed to any price risk as no equity securities are held by the Fund as at 30 June 2018.

25.2 Credit risk

Credit risk represents the risk of a loss if counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to its investment in loans and receivables and bank balances. Risks attributable to investments in National Savings Certificate, Market Treasury Bills and Pakistan Investment Bonds is limited as these are guaranteed by the Federal Government while bank balances are maintained with banks with a reasonably high credit rating.

The analysis below summarises the credit quality of the Fund's bank balances as at 30 June 2018 and 30 June 2017.

Bank balances	2018	2017
	(Rupees in	1000)
AAA+, AAA-, AAA	1,501	594
AA+, AA-, AA	262,726	386,159
A+, A-, A	187,871	108,006
	452,098	494,759

Term Finance Certificates

AA+, AA-, AA A+, A-, A

76,194	175,699
23,578	
99,772	175,699

The maximum exposure to credit risk before any credit enhancement as at 30 June 2018 is the carrying amount of the financial assets.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mostly concentrated in government sector and deposits held with commercial banks.

25.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

Management of liquidity risk

The Fund is exposed to daily cash redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damages to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in the market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, during the current year, no borrowing was obtained by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any significant redemptions during the year.

Maturity analysis for financial liabilities

The table below analyses the Fund's liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows:

The maturity profile of the Fund's liabilities based on contractual maturities is given below:

26 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market price used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. Quoted prices (unadjusted) in active markets for identical assets or Liabilities (level 1).

IFRS 13, 'Fair Value Measurement' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

26.1 The Fund has not disclosed the fair values for these financial assets and financial liabilities, as these are either short term in nature or reprice periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

27 UNIT HOLDERS' FUND RISK MANAGEMENT

The units holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units.

The Fund meets the requirement of sub-regulation 54 (3a) which requires that the minimum size of an Open End Scheme shall be one hundred million rupees at all time during the life of the scheme.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

In accordance with the risk management policies stated in note 25, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by short term borrowing arrangements (which can be entered if necessary) or disposal of investments where necessary.

28 SUBSEQUENT EVENT - NON ADJUSTING

The Management Company on 04 July 2018 has declared distribution of Rs. 0.5390 per unit (for full year). The aggregate cash distribution is Rs. 37.6934 million is in addition to refund of capital / element of income by issuing 450,083 additional units to eligible unitholders at zero price as per MUFAP guidelines (duly consented upon by SECP).

The financial statements of the Fund for the year ended 30 June 2018 do not include the effect of the distribution which will be accounted for in the financial statements of the Fund for the year ending 30 June 2019.

29 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on September 05, 2018.
