DIRECTORS' REPORT

This is the Third Annual Report for the period ended June 30, 2018, since launch of **NAFA Islamic Active Allocation Equity Fund (NIAAEF)** on January 18, 2016.

NAFA launched its second open-end Islamic Equity Fund namely NAFA Islamic Active Allocation Equity Fund (NIAAEF) in January, 2016. The aim of the Fund is to provide growth to the investment of Unit holders over the long-term in approved shariah compliant equities.

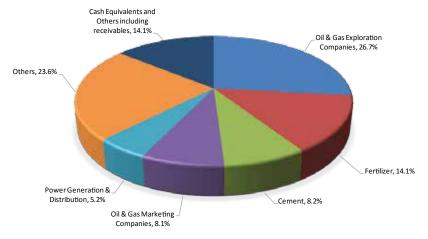

Fund's Performance

The size of the NAFA Islamic Active Allocation Equity Fund has decreased from 4,758 million on June 30, 2017 to Rs. 1,887 million on June 30, 2018. During the year, the unit price of Islamic Active Allocation Equity Fund has decreased from Rs. 13.2304 (Ex-Div) on June 30, 2017 to Rs. 11.3425 on June 30, 2018. During the fiscal year, NAFA Islamic Active Allocation Equity Fund decreased by 14.14% as against the KMI-30 index decrease by 9.59%, underperforming the benchmark by 4.55% during the year. The Fund was overweight in key stocks in Cement, Textile Composite, Oil & Gas Marketing Companies, Pharmaceutical, and Engineering sectors that underperformed the market and underweight in key stocks in Oil & Gas Exploration Companies, Chemical, and Power Generation & Distribution Companies sectors that outperformed the market, which contributed to the underperformance. Since its inception on January 18, 2016, the return of NAFA Islamic Active Allocation Equity Fund was 32.67%, while the benchmark increased by 36.06%. Thus, the Fund underperformed by 3.39% during the period. The performance of the Fund is net of management fee and all other expenses.

FY2017-18 proved a challenging year for the stock market as the benchmark KMI-30 Index dropped by 9.6%. It was the first negative return for equity investors after eight years. A host of factors can be attributed to this lackluster performance of the stock market. Contrary to the market expectations, continued sell-off by the foreign investors in FY18 despite up-gradation of PSX into a widely followed MSCI Emerging Index from Frontier Market, shook investors' confidence. Adding to investors' angst was elevated uncertainty in the domestic politics linked to disqualification of elected PM in the historic judgments of Panama Leaks Case, who was later on barred from politics for lifetime. Sit-in by some religious parties in the federal capital and the uncertainty surrounding the elections also took its toll on the stock market. Much awaited Afghan Policy was unveiled by US President, Mr. Donald Trump, signaling tough stance of the US towards Pakistan also perturbed market participants. On the economic front, Current Account Deficit (CAD) sprang up to an unprecedented level of USD18bn during FY18 owing to rising crude oil prices and higher oil & LNG imports, rising imports of industrial raw material, transport vehicles, and machinery that remained a cause of grave concern for the market. To rein in aggregate demand pressures, series of steps were undertaken that included a measured PKR devaluation, deepening and broadening of duties on non-essential imported items, and hike in interest rates. In a bid to shore up the dwindling Foreign exchange reserves and documentation of economy, the government also announced a Foreign & Domestic Assets Declaration Schemes that fell below expectations.

In terms of sectoral performance, Oil & Gas Exploration, Fertilizer and Commercial Bank sectors out-performed the market during FY18, while Cement, Refinery, Engineering, and Automobile Parts & Accessories sectors lagged behind. Foreign investors remained net sellers with outflows of USD 289 million during the aforesaid period. Among local investors, Insurance and Companies remained major net buyers, taking fresh equity exposure worth USD 204 million and USD 100 million, respectively. Mutual Funds, on the other hand, remained net sellers, off-loading shares worth USD 35 million.

NAFA Islamic Active Allocation Equity Fund has incurred a total loss of Rs.529.952 million during the period. After deducting total expenses of Rs.103.542 million, the net loss is Rs.633.494 million. The asset allocation of the Fund as on June 30, 2018 is as follows:

Income Distribution

Due to net loss for the year, no distribution has been made.

Taxation

On account of net loss, no provision for taxation was made in the financial statements of the Fund.

Auditors

The present auditors, Messrs A.F. Ferguson & Co., Chartered Accountants, retire and, being eligible, offer themselves for re-appointment for the year ended June 30, 2019.

We, Central Depository Company of Pakistan Limited, being the Trustee of NAFA Islamic Active Allocation Equity Fund (the Fund) are of the opinion that NBP Fund Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2018 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Aftab Ahmed Diwan

Chief Executive Officer Central Depository Company of Pakistan Limited

Karachi, September 12, 2018

FUND MANAGER REPORT

NAFA Islamic Active Allocation Equity Fund (NIAAEF) is an Open-Ended Equity Fund.

Investment Objective of the Fund

The objective of the Fund is to provide investors with long term capital growth from an actively managed portfolio of Shari'ah Compliant listed equities.

Benchmark

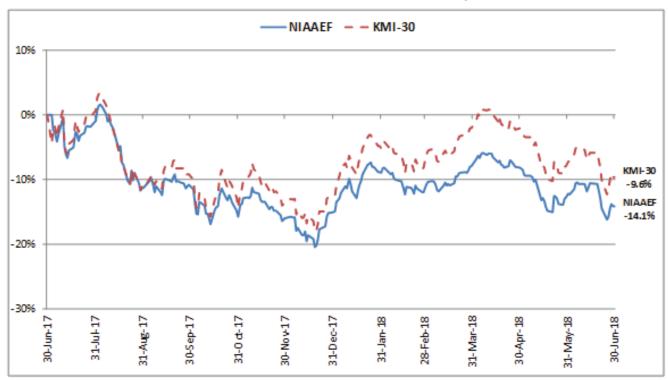

KMI-30 Index

Fund Performance Review

This is the third annual report of the Fund. During the fiscal year, NAFA Islamic Active Allocation Equity Fund decreased by 14.14% as against the KMI-30 index which decreased by 9.59%. Thus, the Fund underperforming the benchmark by 4.55% during the year. Since its inception on January 18, 2016, the return of NAFA Islamic Active Allocation Equity Fund was 32.67%, while the benchmark increased by 36.06%. Thus, the Fund underperformed by 3.39% during the period. The performance of the Fund is net of management fee and all other expenses. The fund size of NAFA Islamic Active Allocation Equity Fund is Rs.1,887mn as of June 30, 2018.

NIAAEF underperformed during the year as Fund was overweight in key stocks in Cement, Textile Composite, Oil & Gas Marketing Companies, Pharmaceutical, and Engineering sectors that underperformed the market and underweight in key stocks in Oil & Gas Exploration Companies, Chemical, Oil & Gas Marketing Companies, and Power Generation & Distribution Companies sectors that outperformed the market, which contributed to the underperformance The chart below shows the performance of NIAAEF against the Benchmark for the year.

NIAAEF Performance vs. Benchmark during FY18

Since inception of the Fund, we altered the allocation of the Fund based on our view on the relative performance of different asset classes. At the end of the year, the allocation in equities was around 85.9%.

FY2017-18 turned out to be a challenging year for the stock market with first negative return since 2009, as the benchmark KMI-30 Index dropped by 9.6% on a yearly basis. This lackluster performance, in sharp contrast to FY2010-17 period, in which market surged at a CAGR of 28.4%, is attributable to a host of factors. The upgrade of Pakistan's market to a widely followed MSCI Emerging Index from Frontier Market status failed to live up to expectations and unabated sell-off by the foreign investors during the year shook investors' confidence. Amplified uncertainty in the domestic politics linked to disqualification of elected PM in the historic judgments surrounding Panama Leaks Case, who was later on barred from politics for lifetime also unnerved the investors. Sit-in by some religious parties in the federal capital and uncertainty surrounding the elections also took its toll on the stock market. Market participants were also perturbed by the US Policy toward Afghanistan, signaling challenges for Pakistan.

On the economic front, twin deficits remained a challenge for the government. Current Account Deficit (CAD) sprang up to an unprecedented level of USD18bn during FY18 owing to rising crude oil prices and higher oil & LNG imports, rising imports of industrial raw material, transport vehicles, and machinery that remained a cause of grave concern for the market. To rein in aggregate demand pressures, series of steps were undertaken of late that included exchange rate adjustment, deepening and broadening of duties on non-essential imported items, and hike in interest rates. In a bid to shore up the dwindling Foreign exchange reserves and documentation of economy, the government also announced a much awaited Foreign & Domestic Assets Declaration Schemes that however, failed to live up to the expectations.

Asset Allocation of the Fund (% of NAV)

Particulars	30-Jun-18	30-Jun-17

During the period under question

During the period there has been no significant change in the state of affairs of the Fund, other than stated above. During the year there were no circumstances that materially affected any interests of the unit holders. The Fund does not have any soft commission arrangement with any broker in the industry.

Sindh Workers' Welfare Fund (SWWF)

The scheme has maintained provisions against Sindh Workers' Welfare Fund's liability to the tune of Rs. 29.057 million. If the same were not made the NAV per unit/FY18 return of scheme would be higher by Rs. 0.1746 / 1.32%. For details investors are advised to read note 13.1 of the Financial Statement of the Scheme for the year ended June 30, 2018.

STATEMENT OF COMPLIANCE WITH THE SHARIAH PRINCIPLES

NAFA Islamic Active Allocation Equity Fund (the Fund) has fully complied with the Shari'ah principles specified in the Trust Deed and in the guidelines issued by the Shari'ah Advisor for its operations, investments and placements made during the year ended June 30, 2018. This has been duly confirmed by the Shari'ah Supervisory Board of the Fund.

Annual Report 2018

- ii) On the basis of information provided by the management and the provisions of the Scheme, investments in equities made on account of NIAAEF are Shari'ah Compliant and in accordance with the criteria established by us.
- There are investments made by NIAAEF where Investee companies have earned a part of their income from non-compliant sources (e.g. interest income received on bank deposits and etc). In such cases, the management company has been directed to set aside such proportion of the income from Investee companies as charity in order to purify the earnings of the Fund.

In light of the above, we hereby certify that nothing has come to our attention which causes to believe that the overall operations of NIAAEF for the year ended June 30, 2018 are not in compliance with the Shari'ah principles.

During the year a provision of Rupees 2,169,865 /- was created and an amount of Rupees 2,290,329/-was available for disbursement into charity as of June 30, 2018, which is inclusive of Rupees 985,616/-provisional amount of previous year adjusted after availability of the respective financial statements. However, the provisional amount of the financial year ended June 30, 2018 will be adjusted after the availability of the respective annual financial statements.

May Allah bless us with best Tawfeeq to accomplish our cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of NAFA Islamic Active Allocation Equity Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2018, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2018, and of its financial performance, its cash flows and transactions for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

S. No.	Key Audit Matters	How the matter was addressed in our audit
(Ref The (the date Nor Reg hav the ame recc "ele with allo of N The curr incc mer polii 201 Wit incc incc con Stat	dendments to NBFC Regulations, 2008 If a note 3.11 to the annexed financial statements) Resecurities and Exchange Commission of Pakistan e SECP) through its notification [SRO 756(I) / 2017] and a security and certain amendments in the n-Banking Finance Companies and Notified Entities gulations, 2008. The impact of these amendments we been incorporated in the financial statements of Fund for the year ended June 30, 2018. These endments mainly include changes with respect to ognition, measurement and presentation of ement of income", addition of certain disclosures he respect to 'Income Statement' (relating to ocation of net income for the year) and 'Statement Movement in Unit Holders' Fund'. Respect to the issuance of the above into notification. The change in accounting icy has been applied prospectively from July 1, 17 based on the clarification issued by the SECP. It this change in accounting policy the element of ome which was previously recognized as part of the ome for the year in the Income Statement is now insidered as a "capital contribution" and taken to the tement of Movement in Unit Holders' Fund.	Our audit procedures included the following: understood the requirements of the SECP notification and made inquiries from the management in respect of their methodology for implementing the changes with respect to recording of element of income. verified transactions on a test basis with the underlying records of the reports provided by the management to ensure their compliance with the revised regulations. verified disclosures relating to change in accounting policy to ensure that these are in compliance with the applicable accounting and reporting framework.

Annual Report 2018

S. No.	Key Audit Matters	How the matter was addressed in our audit
	The above matters are significant accounting and regulatory developments / events for the mutual fund industry affecting the financial statements for the current year and therefore we considered these developments as key audit matter.	
2	Net Asset Value (Refer notes 4 and 5 to the annexed financial statements)	
	The investments and bank balances constitute the most significant component of the net asset value (NAV). The investments of the Fund as at June 30, 2018 amounted to Rs 1,621.41 million and bank balances aggregated to Rs 233.23 million. The proper valuation of investments and bank balances for the determination of NAV of the Fund as at June 30, 2018 was considered a significant area and therefore we considered this as a key audit matter.	 Our audit procedures included the following: tested the design and operating effectiveness of the key controls for valuation of investments. obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2018 and reconciled it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed.
		 re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.
		 obtained approval of Board of Directors of the management company in relation to closing of bank accounts.
		 obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh.**

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2018

1 LEGAL STATUS AND NATURE OF BUSINESS

NAFA Islamic Active Allocation Equity Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered into on November 3, 2017 between NBP Fund Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at 7th floor, Clifton Diamond Building, Block 4, Scheme No.5, Clifton, Karachi. The Management Company is a member of the Mutual Funds Association of Pakistan (MUFAP).

The Fund has been categorised as an open ended "Shariah Compliant Equity Scheme" by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund were initially offered for public subscription at a par value of Rs 10 per unit. Thereafter, the units are being offered for public subscription on a continuous basis from January 18, 2016 and are transferable and redeemable by surrendering them to the Fund.

The objective of the Fund is to provide higher risk adjusted returns to investors by investing in diversified portfolio of equity instruments. The investment objectives and policies are explained in the Fund's offering document.

The Pakistan Credit Rating Agency (PACRA) has assigned an Asset Manager Rating of AM1 as at June 30, 2018 (2017: AM1) to the Management Company and performance ranking "4 Star" to the Fund was assigned on May 24, 2018.

The title to the assets of the Fund is held in the name of the Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year

There are certain amended standards and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2017 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

2.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following standards have been adopted in Pakistan and would be effective from the dates mentioned below against the respective standards:

Standard

Effective date (accounting periods beginning on or after)

01 July 2018 01 July 2018 01 January 2019

These standards may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these standards on the financial statements of the Fund.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting standards and reporting as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 3.3 and 5) and provision for taxation (notes 3.14 and 17).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years except for the change in accounting policies as explained in note 3.11 below.

3.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

3.3 Financial assets

3.3.1 Classification

The management determines the appropriate classification of the financial assets of the Fund in accordance with the requirements of International Accounting Standard (IAS) 39: 'Financial Instruments: Recognition and Measurement' at the time of the purchase of the financial assets and re-evaluates this classification on a regular basis. The classification depends on the purpose for which the financial assets are acquired. The financial assets of the Fund are categorised as follows:

a) Financial assets at fair value through profit or loss

These are acquired principally for the purpose of generating profits from short-term fluctuations in prices.

b) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

c) Available-for-sale

These are those non-derivative financial assets that are designated as available for sale or are not classified as (a) financial assets at fair value through profit or loss, or (b) loans and receivables. These are intended to be held for an indefinite period of time which may be sold in response to the needs for liquidity or change in price.

3.3.2 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

3.3.3 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.3.4 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

a) 'Financial assets at fair value through profit or loss' and 'available-for-sale financial assets'

Basis of valuation of equity securities

The investments of the Fund in equity securities are valued on the basis of closing quoted market prices available at the stock exchange. A security listed on the stock exchange is valued at the closing price determined by such exchange in accordance with its regulations.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

Net gains and losses arising from changes in the fair value of financial assets classified as available for sale are taken to the 'statement of comprehensive income' until these are derecognised or impaired. At this time, the cumulative gain or loss previously recognised directly in the 'statement of comprehensive income' is transferred to the Income Statement.

b) Loans and receivables

These are carried at amortised cost using the effective interest method.

Gains or losses are recognised in the Income Statement through the amortisation process or when the financial assets carried at amortised cost are derecognised or impaired.

3.3.5 Impairment

The Fund assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

a) Available-for-sale financial assets

Impairment loss on equity securities (if any)

In case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered in determining whether the security is impaired. If the evidence of impairment exists, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the Income Statement is reclassified from other comprehensive income to the Income Statement. Impairment losses recognised in the Income Statement on equity securities are not reversed through the Income Statement.

b) Loans and receivables

For financial assets classified as 'loans and receivables', a provision for impairment is established when there is an objective evidence that the Fund will not be able to collect all amounts due according to the original terms. The amount of the provision is determined based on the provisioning criteria specified by the SECP.

3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Preliminary expenses and floatation costds

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are amortised over a period of five years in accordance with the requirements set out in the Trust Deed of the Fund.

3.7 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.8 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

3.10 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

The Securities and Exchange Commission of Pakistan through its SRO 756(I)/2017 dated August 3, 2017 has made certain amendments in the NBFC Regulations. The notification includes a definition and explanation relating to "element of income" and excludes the element of income from the expression "accounting income" as described in regulation 63 (amount distributable to unit holders) of the NBFC Regulations. As per the notification, element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the revised regulations also specify that element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution. MUFAP, in consultation with the SECP, has specified the methodology of determination of income paid on units redeemed during the year under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the year. Furthermore, the revised regulations also require certain additional disclosures with respect to 'Income Statement' (relating to allocation of net income for the year) and 'Statement of Movement in Unit Holders' Fund', whereas disclosure with respect to 'Distribution Statement' has been deleted in the revised regulations.

Previously, an equalisation account called the 'element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed' was created, in order to prevent the dilution of per unit income and distribution of income already paid out on redemption. The net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during the accounting period which pertained to unrealised appreciation / (diminution) held in the Unit Holder's Fund was recorded in a separate account and any amount remaining in this reserve account at the end of the accounting period (whether gain or loss) was included in the amount available for distribution to the unitholders. The remaining portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period was recognised in the Income Statement.

As required by IAS 8: 'Accounting Policies, Changes in Accounting Estimates and Errors', a change in accounting policy requires retrospective application as if that policy had always been applied. However, the Management Company has applied the above changes in accounting policy, including the additional disclosure requirements in the 'Income Statement' and 'Statement of Movement in Unit Holders' Fund', prospectively from July 1, 2017 based on a clarification issued by the SECP. Accordingly, corresponding figures have not been restated. The 'Distribution Statement' for the comparative period has not been presented as it has been deleted as a result of the amendments made in the NBFC Regulations through the aforementioned SRO issued by the SECP.

Had the element of income been recognised as per the previous accounting policy, the profit of the Fund would have been higher by Rs 319.366 million net off charge for SWWF in respect of element of income with no effect on the NAV per unit of the Fund. However, the change in accounting policy does not have any impact on the 'Cash flow Statement', the 'net assets attributable to the unit holders' and 'net asset value per unit' as shown in the 'Statement of Assets and Liabilities' and 'Statement of Movement in Unit Holders' Fund'. The change has resulted in inclusion of certain additional disclosures / new presentation requirements in the 'Income Statement' and 'Statement of Movement in Unit Holders' Fund which have been incorporated in these statements.

3.12 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Profit on bank balances is recognised on an accrual basis.
- Dividend income is recognised when the right to receive the dividend is established.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.14 Taxation

The income of the Fund is exempt from Income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed as cash dividend to the unit holders.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.15 (Loss) / earnings per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year before taxation of the Fund by the weighted average number of units outstanding during the year.

3.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistan Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income statement.

- 5.1.1 Investments include shares with market value of Rs 143.527 million (2017: Rs 147.209 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 5.1.2 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld shall only be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition has been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs, which is pending adjudication. The petition is based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I of the Second Schedule to the Income Tax Ordinance 2001, the withholding tax provision should not be applicable on bonus shares received by CISs. A stay order has been granted by the High Court of Sindh in favour of CISs.

As at June 30, 2018, the following bonus shares of the Fund have been withheld by the investee companies at the time of declaration of bonus shares. The Fund has included these shares in its portfolio, as the management believes that the decision of the constitutional petition will be in favour of the CISs.

As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during the year ended June 30, 2017, withholding tax on dividend paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on dividends amounts to Rs 9.009 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends has been shown as other receivables as at June 30, 2018 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- As per the amendments made in the NBFC Regulations, 2008 vide SRO 1160(1)/2015 dated 25 November 2015, the Management Company is entitled to a remuneration equal to an amount not exceeding 2% of the average annual net assets in case of equity schemes. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 2% (2017: 2%) per annum of the average net assets of the Fund during the year ended 30 June 2018. The remuneration is payable to the Management Company monthly in arrears.
 - During the year, an amount of Rs. 8.142 million (2017: Rs 9.278 million) was charged on account of sales tax on management fee levied through Sindh Sales Tax on Services Act, 2011, and an amount of Rs. 8.644 million (2017: Rs. 8.612 million) has been paid to the Management Company which acts as a collecting agent.
 - 10.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 01 July 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

Page 34

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 1.42 million is being retained in these financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2018 would have been higher by Re 0.0085 (2017: Re 0.004) per unit.

- 10.4 In accordance with Regulation 60 of the NBFC Regulations, the Management Company has charged expenses at the rate of 0.1% of the average net assets of the Fund being lower than actual expenses chargeable to the Fund for the year.
- 10.5 The SECP vide circular 40 of 2016 dated December 30, 2016 (later amended vide circular 05 of 2017 dated February 13, 2017 and circular 5 of 2018 dated June 4, 2018) has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds and money market funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expenses shall be 0.4% per annum of the net assets of the fund or actual expenses whichever is lower. Accordingly, the Management Company has charged selling and marketing expenses amounting to Rs. 12.525 million at the rate of 0.4% of the net assets of the Fund being lower than actual expenses chargeable to Fund for the year.

As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, the MUFAP recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

In the repealed Companies Ordinance, 1984 and the now applicable Companies Act, 2017, mutual funds have not been included in the definition of "financial institutions". The MUFAP has held the view that SWWF is applicable on asset management companies and not on mutual funds.

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2018, the net asset value of the Fund as at June 30, 2018 would have been higher by Re. 0.1746 (2017: Re 0.0819) per unit.

16 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2018 is 3.31% (2017: 3.72%) which includes 0.37% (2017: 1.18%) representing government levies on the Fund such as sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 4% prescribed under the NBFC Regulations for a collective investment scheme categorised as "Shariah Compliant Equity Scheme".

17 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. The Fund has not recorded any tax liability as the Fund has incurred a net loss during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

18 LOSS / EARNINGS PER UNIT

(Loss) / earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

19 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS

- 19.1 Connected persons include NBP Fund Management Limited being the Management Company, the Central Depository Company of Pakistan Limited being the Trustee, National Bank of Pakistan (NBP) Limited being the sponsors, other collective investment schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or company beneficially owning directly or indirectly ten percent or more of the capital of the Management Company or the net assets of the Fund, directors and their close family members and key management personnel of the Management Company.
- 19.2 Transactions with connected persons are executed on an arm's length basis and essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. 21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

(i) Yield / profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The Fund is exposed to such risk on its balance held with bank and term deposit receipt. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 2.3323 million (2017: 4.078 million)

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2018 and June 30, 2017, the Fund did not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2018 and June 30, 2017 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2018 can be determined as follows:

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund's investments in equity securities. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

In case of 5% increase / decrease in 100 KSE index on June 30, 2018, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 81.071 million (2017: 215.54 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index and 3 months deposit, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 Index and 3 months deposit, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2018 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 Index and 3 months deposit.

21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

21.3 Credit risk

21.3.1 There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, is as follows:

	% of finance exposed to	
Name of Bank	2018	2017
AAA	0.001	0.000
AA-	0.029	0.011
A+	12.058	8.475

	12.089	8.486

22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market

As at June 30, 2018 and June 30, 2017, the Fund held the following financial instruments measured at fair values:

	2018			2017		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3

23 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.
