DIRECTORS' REPORT

This is the Second Annual Report for the period ended June 30, 2018, since launch of **NAFA Islamic Active Allocation Fund-II (NIAAF-II)** on May 26, 2017.

The objective of the Fund is to provide investors an opportunity to earn attractive return from an actively managed portfolio of Shari'ah Compliant Equity Fund and Income/Money Market Funds.

NAFA Islamic Active Allocation Fund-II has been constituted in the form of a Trust Scheme that shall invest in following Collective Investment Schemes through five (5) Allocation Plans including NAFA Islamic Active Allocation Plan-VI (NIAAP-VI), NAFA Islamic Active Allocation Plan-VII (NIAAP-VII), NAFA Islamic Active Allocation Plan-VIII (NIAAP-VIII), NAFA Islamic Capital Preservation Plan-I (NICPP-I) & NAFA Islamic Capital Preservation Plan-II (NICPP-II).

Islamic Income Fund:	NAFA Active Allocation Riba Free Savings Fund
Islamic Money Market:	NAFA Islamic Money Market Fund
Islamic Equity Fund:	NAFA Islamic Active Allocation Equity Fund

FY2017-18 proved a challenging year for the stock market as the benchmark KMI-30 Index dropped by 9.6%. It was the first negative return for equity investors after eight years. A host of factors can be attributed to this lackluster performance of the stock market. Contrary to the market expectations, continued sell-off by the foreign investors in FY18 despite up-gradation of PSX into a widely followed MSCI Emerging Index from Frontier Market, shook investors' confidence. Adding to investors' angst was elevated uncertainty in the domestic politics linked to disqualification of elected PM in the historic judgments of Panama Leaks Case, who was later on barred from politics for lifetime. Sit-in by some religious parties in the federal capital and the uncertainty surrounding the elections also took its toll on the stock market. Much awaited Afghan Policy was unveiled by US President, Mr. Donald Trump, signaling tough stance of the US towards Pakistan also perturbed market participants. On the economic front, Current Account Deficit (CAD) sprang up to an unprecedented level of USD18bn during FY18 owing to rising crude oil prices and higher oil & LNG imports, rising imports of industrial raw material, transport vehicles, and machinery that remained a cause of grave concern for the market. To rein in aggregate demand pressures, series of steps were undertaken that included a measured PKR devaluation, deepening and broadening of duties on non-essential imported items, and hike in interest rates. In a bid to shore up the dwindling Foreign exchange reserves and documentation of economy, the government also announced a Foreign & Domestic Assets Declaration Schemes that fell below expectations.

In terms of sectoral performance, Oil & Gas Exploration, Fertilizer and Commercial Bank sectors out-performed the market during FY18, while Cement, Refinery, Engineering, and Automobile Parts & Accessories sectors lagged behind. Foreign investors remained net sellers with outflows of USD 289 million during the aforesaid period. Among local investors, Insurance and Companies remained major net buyers, taking fresh equity exposure worth USD 204 million and USD 100 million, respectively. Mutual Funds, on the other hand, remained net sellers, off-loading shares worth USD35 million.

During FY 2018, State Bank of Pakistan (SBP) held six (06) bi-monthly monetary policies reviews. During the first half, the SBP maintained the policy rate at 5.75% owing to strong likelihood of continued growth momentum; contained inflation; and anticipations of gain in exports due to improvement in domestic energy supplies and incentives given to exporting industry. However, in the latter half, the SBP increased the policy rate by 75 basis points to 6.5% in response to growing pressures on the external front driven by ballooning Current Account Deficit (CAD), preempt overheating of the economy, and rein in inflationary pressures. Sovereign yields responded to increase in the policy rate whereby 3-month, 6-month, and 12-month T-Bills went up by 79 bps, 90 bps, and 116 bps, respectively.

مالی سال 2017-2018 اسٹاک مارکیٹ کیلئے چیلنج کا سال ثابت ہوا جس میں KMI-30 انڈیکس 9.6% تک گر گیا۔ یہ آٹھ سال کے عرصے میں ایکٹیو سرمایہ کاروں کے منافع میں پہلی کمی تھی۔ اسٹاک مارکیٹ کی اس ناقص کارکردگی کا سبب کئی عوامل تھے۔ مارکیٹ کی توقعات کے برعکس، PSX کی فرنیچر مارکیٹ کے MSCI ایمرنگ انڈیکس میں اپ گریڈنگ کے باوجود سرمایہ کاروں کے اعتماد کو دھچکا لگا اور مالی سال 18 میں غیر ملکی سرمایہ کاروں کی جانب سے فروخت کا سلسلہ جاری رہا۔ اس کے علاوہ سرمایہ کاروں کی تشویش میں ملکی سیاست کی بڑھتی ہوئی غیر یقینی کیفیت سے اور اضافہ ہوا جو پانامہ لیکس کیس میں منتخب وزیراعظم کو نااہل قرار دینے کے تاریخی فیصلے سے پیدا ہوئی اور بعد میں ان کے عمر بھر کیلئے سیاست میں حصہ لینے پر پابندی کا باعث بنی۔ بعض مذہبی جماعتوں کی طرف سے وفاقی دارالحکومت میں دھرنے اور الیکشن کے قریب غیر یقینی کی فضا سے اسٹاک مارکیٹ پر مزید اثر پڑا۔ امریکی صدر مسٹر ڈونلڈ ٹرمپ نے بکرا کی عرصہ سے متوقع افغان پالیسی کا اعلان کر دیا جس میں امریکہ کی جانب سے پاکستان پر مزید پابندیاں لگانے کا اشارہ دیا گیا تھا جو مارکیٹ کے شرکاء کے لئے مزید پریشانی کا باعث بنا۔ ادھر معاشی منظر نامہ میں، خام تیل کی بڑھتی ہوئی قیمتیں اور ایل این جی کے ساتھ ساتھ صنعتی خام مال، ٹرانسپورٹ گاڑیوں اور مشینری کی بڑھتی ہوئی درآمدات کی بنا پر کرنٹ اکاؤنٹ کا خسارہ غیر روایتی سطح کی حد تک 18 بلین یو ایس ڈالر تک پہنچ گیا جو مارکیٹ میں تشویش کا بڑا سبب بنا۔ وسیع طلب کے باوجود کو قابو کرنے کیلئے کئی اقدامات اٹھائے گئے جن میں پاکستانی روپے کی قدر میں کمی پر قابو، غیر ضروری درآمد شدہ اشیاء پر زیادہ اور وسیع حد تک ڈیوٹیز کا نفاذ اور شرح سود میں اضافہ شامل تھا۔ گرتے ہوئے غیر ملکی زرمبادلہ اور دستاویزی معیشت کو سہارا دینے کے لئے حکومت نے غیر ملکی اور ملکی اثاثہ جات ظاہر کرنے کی اسکیمیں متعارف کروائیں جو قابل توقع نتائج نہ دے سکیں۔

مالی سال میں 18 شعبہ جاتی کارکردگی کے لحاظ سے مارکیٹ میں آئل اینڈ گیس ایکسپلوریشن، فریٹلائزر اور کرشل بینک کے شعبہ جات کی کارکردگی بہت عمدہ رہی جب کہ سینٹ، ریفائنری، انجینئرنگ اور آٹوموبائل پارٹس اور ایسیرسز کے شعبہ بہت پیچھے رہے۔ غیر ملکی سرمایہ کار خالصتاً فروخت کنندہ رہے اور مذکورہ مدت میں 289 بلین یو ایس ڈالر کا سرمایہ ملک سے باہر گیا۔ مقامی سرمایہ کاروں میں انشورنس اور کمپنیز بڑے خریدار رہے اور انہوں نے بالترتیب 204 بلین یو ایس ڈالر اور 100 بلین یو ایس ڈالر کے حصص حاصل کئے۔ دوسری طرف میوچل فنڈز خالص فروخت کنندہ رہے اور 35 بلین یو ایس ڈالر کے حصص فروخت ہوئے۔

مالی سال 2018 کے دوران میں اسٹیٹ بینک آف پاکستان (ایس بی پی) نے مانیٹری پالیسی کے چھ (06) مرتبہ دو ماہی جائزے لئے۔ پہلے نصف عرصہ کے دوران، ترقی کی رفتار جاری رہنے کی قوی توقع، افراط زر کی موجودگی، اور ملکی توانائی کی فراہمی میں بہتری اور برآمدات کی صنعت کو دی گئی ترغیبات کے باعث برآمدات میں فروغ کے سلسلے میں پیش رفت کے پیش نظر، ایس بی پی نے 5.75% پالیسی کی شرح کو برقرار رکھا۔ تاہم اگلے نصف عرصہ میں، بیرونی محاذ پر کرنٹ اکاؤنٹ کے خسارے (CAD) میں اضافے کے باعث بڑھتے ہوئے دباؤ، معیشت میں پہلے سے موجود افراط زر اور افراط زر پر قابو کیلئے پانے کے لئے، ایس بی پی نے پالیسی کی شرح میں 75 پیسے پوائنٹ کا اضافہ کر دیا اور پالیسی کی شرح 6.5% ہو گئی۔ پالیسی کی شرح میں اضافہ سے اچھے نتائج برآمد ہوئے اور 3 ماہ، 6 ماہ اور 12 ماہ T-Bills کے منافع بالترتیب 79 bps، 90 bps اور 116 bps سے بڑھ گئے۔

FY2017-18 turned out to be a challenging year for the stock market with first negative return since 2009, as the benchmark KMI-30 Index dropped by 9.6% on a yearly basis. This lackluster performance, in sharp contrast to FY2010-17 period, in which market surged at a CAGR of 28.4%, is attributable to a host of factors. The upgrade of Pakistan's market to a widely followed MSCI Emerging Index from Frontier Market status failed to live up to expectations and unabated sell-off by the foreign investors during the year shook investors' confidence. Amplified uncertainty in the domestic politics linked to disqualification of elected PM in the historic judgments surrounding Panama Leaks Case, who was later on barred from politics for lifetime also unnerved the investors. Sit-in by some religious parties in the federal capital and uncertainty surrounding the elections also took its toll on the stock market. Market participants were also perturbed by the US Policy toward Afghanistan, signaling challenges for Pakistan.

On the economic front, twin deficits remained a challenge for the government. Current Account Deficit (CAD) sprang up to an unprecedented level of USD18bn during FY18 owing to rising crude oil prices and higher oil & LNG imports, rising imports of industrial raw material, transport vehicles, and machinery that remained a cause of grave concern for the market. To rein in aggregate demand pressures, series of steps were undertaken of late that included exchange rate adjustment, deepening and broadening of duties on non-essential imported items, and hike in interest rates. In a bid to shore up the dwindling Foreign exchange reserves and documentation of economy, the government also announced a much awaited Foreign & Domestic Assets Declaration Schemes that however, failed to live up to the expectations.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

The primary market for Corporate Sukuks remained under-supplied against the large and growing demand. In the secondary market, the trading activity in the Corporate Sukuks remained skewed towards high quality debt issues with cumulative trade value of Rs. 9.6 billion in FY18 compared to Rs. 2.7 billion during the last year. However, the scarcity of primary issuance versus elevated demand squeezed the spread and kept the yields on the high credit quality corporate bonds depressed. During the first half of FY18, the SBP maintained the policy rate at 5.75% owing to strong likelihood of continued growth momentum; contained inflation; and anticipation of gain in exports due to improvement in domestic energy supplies and incentives given to exports industry. However, in the latter half, in response to growing pressures on the external front driven by ballooning Current Account Deficit (CAD) and rein in inflationary pressures, the SBP cumulatively increased the policy rate by 75 basis points from 5.75% to 6.5%. Sovereign yields responded to increase in the policy rate whereby 3-month, 6-month, and 12-month T-Bills yields went up by 79 bps, 90 bps, and 116 bps, respectively. All Sukuks in the Fund are floating rate linked to KIBOR with three to 6-month coupon resetting period.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the NAFA Islamic Active Allocation Fund - II ("the Fund"), which comprise the statement of assets and liabilities as at 30 June 2018, income statement, statement of comprehensive income, cash flow statement and statement of movement in unit holders' fund for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S. #	Key audit matters	How the matters was addressed in our audit
1	Valuation of Investments	
	<p>Refer note 4.1 and 6 to the financial statements for accounting policies and details of investments.</p> <p>The Fund's investment portfolio comprise of mutual funds of Rs. 2,864 million classified as fair value through profit or loss at 30 June 2018.</p> <p>We identified the valuation of investments as key audit matter because of its significance in relation to the net asset value of the Fund.</p>	<p>Our audit procedures in respect of valuation of investments included the following:</p> <ul style="list-style-type: none">• obtaining an understanding of and testing the design and operating effectiveness of controls designed to ensure for the valuation of investments; and• assessing whether investments were valued at fair value based on the quoted market price of the year end at the Mutual Fund Association of Pakistan.
2.	Amendments to the NBFC Regulations, 2008	
	<p>Refer to note 4 to the accompanying financial statements with respect to element of income.</p>	<p>Our audit procedures in respect of change in accounting polices due to amendments in NBFC Regulations 2008 included the following:</p>

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

2.	Amendments to the NBFC Regulations, 2008	
	<p>The amendments to NBFC Regulations, 2008 brought through SRO 756(I)/2017 dated 03 August 2017 issued by Securities and Exchange Commission of Pakistan (SECP) and methodology specified by MUFAP duly consented by SECP, have necessitated changes in accounting policies with respect to recording of element of income / loss on net basis from income statement to unit holders' fund directly and consideration of Income already paid on units redeemed as dividend. The said SRO also required certain presentation changes. The Fund has applied these changes with effect from 1 July 2017.</p> <p>We identified the said changes as a key audit matter because application of these changes involved complex calculations and judgment in respect of determination of income already paid on units redeemed (element of income as dividend), distribution and refund of capital (element of income) to conform with methodology specified by MUFAP for such calculations.</p>	<ul style="list-style-type: none"> • Obtaining an understanding of requirements of amendments to NBFC Regulations, 2008 and methodology specified by MUFAP duly consented by SECP for estimation of income already paid on units redeemed (element of income as dividend), distribution and refund of capital (element of income). • Testing, on sample basis, that income already paid on units redeemed (element of income as dividend), distribution and refund of capital (element of income) have been determined as per methodology specified by MUFAP in the consultation of SECP; and • Assessing the adequacy of disclosures made with respect to change in accounting policies and the requirements of NBFC Regulations, 2008.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Fund's Annual Report for 2018, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation Rules, 2003) and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditors' report is Muhammad Nadeem.

- Element of income (refer note 4)

3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2018:

- Classification and Measurement of Share-based Payment Transactions - amendments to IFRS 2 clarify the accounting for certain types of arrangements and are effective for annual periods beginning on or after 01 January 2018. The amendments cover three accounting areas (a) measurement of cash-settled share-based payments; (b) classification of share-based payments settled net of tax withholdings; and (c) accounting for a modification of a share-based payment from cash-settled to equity-settled. The new requirements could affect the classification and/or measurement of these arrangements and potentially the timing and amount of expense recognized for new and outstanding awards. The amendments are not likely to have an impact on the Fund's financial statements.
- Transfers of Investment Property (Amendments to IAS 40 'Investment Property' -effective for annual periods beginning on or after 1 January 2018) clarifies that an entity shall transfer a property to, or from, investment property when, and only when there is a change in use. A change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. In isolation, a change in management's intentions for the use of a property does not provide evidence of a change in use. The amendments are not likely to have an impact on the Fund's financial statements.
- Annual Improvements to IFRSs 2014-2016 Cycle [Amendments to IAS 28 'Investments in Associates and Joint Ventures'] (effective for annual periods beginning on or after 1 January 2018) clarifies that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non- investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. The amendments are not likely to have an impact on the Fund's financial statements.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

- IFRIC 22 'Foreign Currency Transactions and Advance Consideration' (effective for annual periods beginning on or after 1 January 2018) clarifies which date should be used for translation when a foreign currency transaction involves payment or receipt in advance of the item it relates to. The related item is translated using the exchange rate on the date the advance foreign currency is received or paid and the prepayment or deferred income is recognized. The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) would remain the date on which receipt of payment from advance consideration was recognized. If there are multiple payments or receipts in advance, the entity shall determine a date of the transaction for each payment or receipt of advance consideration. The application of interpretation is not likely to have an impact on the Fund's financial statements.
- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The application of interpretation is not likely to have an impact on the Fund's financial statements.
- IFRS 15 'Revenue from contracts with customers' (effective for annual periods beginning on or after 1 July 2018). IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaces existing revenue recognition guidance, including IAS 18 'Revenue', IAS 11 'Construction Contracts' and IFRIC 13 'Customer Loyalty Programmes'. The the Fund is currently in the process of analyzing the potential impact of changes required in revenue recognition policies on adoption of the standard. The amendments are not likely to have an impact on the Fund's financial statements.
- IFRS 9 'Financial Instruments' and amendment - Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 July 2018 and 1 January 2019 respectively). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The amendments are not likely to have an impact on the Fund's financial statements.
- IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. The amendments are not likely to have an impact on the Fund's financial statements.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

- Amendment to IAS 28 'Investments in Associates and Joint Ventures' - Long Term Interests in Associates and Joint Ventures (effective for annual period beginning on or after 1 January 2019). The amendment will affect companies that finance such entities with preference shares or with loans for which repayment is not expected in the foreseeable future (referred to as long-term interests or 'LTI'). The amendment and accompanying example state that LTI are in the scope of both IFRS 9 and IAS 28 and explain the annual sequence in which both standards are to be applied. The amendments are not likely to have an impact on the Fund's financial statements.
- Amendments to IAS 19 'Employee Benefits'- Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after 1 January 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, the Fund now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on the Fund's financial statements.
- Annual Improvements to IFRS Standards 2015–2017 Cycle - the improvements address amendments to following approved accounting standards:
 - IFRS 3 Business Combinations and IFRS 11 Joint Arrangement - the amendment aims to clarify the accounting treatment when the Fund increases its interest in a joint operation that meets the definition of a business. The Fund remeasures its previously held interest in a joint operation when it obtains control of the business. The Fund does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
 - IAS 12 Income Taxes - the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.
 - IAS 23 Borrowing Costs - the amendment clarifies that the Fund treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective from annual period beginning on or after 1 January 2019 and are not likely to have an impact on the Fund's financial statements.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements have been consistently applied to periods presented except for the change in accounting policies as stated below:

New, Amended and Revised Standards and Interpretations of IFRSs

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

There are new and amended standards and interpretations that are mandatory for accounting periods beginning 01 July 2017 but are considered not to be relevant or do not have any significant effect on the the Funds' financial statements and are therefore not stated in these financial statements.

Application of Companies Act, 2017

The Companies Act, 2017 was enacted on 30 May 2017 and SECP vide its circular 23 of 2017 which application has been deferred till 31 December 2017. Therefore, the provision of the Companies Act, 2017 are applicable from 01 January 2018 (refer note 2.1). However, it does not have any significant impact on the Fund's financial statements.

Element of Income

Up to 30 June 2017, the element of income / (loss) and capital gains / (losses) included in the prices of units issued less those in units redeemed to the extent that it is represented by income earned during the accounting period is recognized in income statement on net basis and to the extent that it is represented by unrealised appreciation / (diminution) arising during the year on available for sale securities is included in distribution statement on net basis.

Securities & Exchange Commission of Pakistan through its SRO 756(I)/2017 dated 03 August 2017 has made certain amendments in NBFCs and Notified Entities Regulations, 2008. The SRO changed the definition of accounting income in regulation (63) sub-regulation (I) which excludes the element of income from "accounting income". As per SRO, element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. It also specifies that element of income is a transaction of capital nature and the receipt and payment of element of income shall be taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

The said SRO also deleted 'Distribution Statement' and requires additional disclosures with respect to "Income Statement" (relating to allocation of net income for the year) and "Statement of Movement in Unit Holders' Fund" and recording of element of income / loss included in price of unit issued or redeemed directly in Statement of movements in unit holders' fund instead of income statement. MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the year under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the year.

As required by IAS 8: 'Accounting Policies, Changes in Accounting Estimates and Errors', a change in accounting policy requires retrospective application as if that policy had always been applied. However, the Management Company has applied the above changes in accounting policy, including the additional disclosures requirements in the 'Income Statement' and 'Statement of Movement in Unit Holders' Fund', prospectively from 01 July 2017 as clarified by SECP vide its email dated 7 February 2018. Accordingly, corresponding figures have not been restated. Had the element of income been recognised as per the previous accounting policy, the loss of the Fund would have been higher by Rs. 26.729 million and Rs. 0.716 million for NIAAP - VI and NIAAP VII respectively. However, the change in accounting policy does not have any impact on net asset value per unit of the NIAAP - VI and NIAAP VII respectively. The income of the NIAAP VIII, NICPP I and NICPP II would have been lower by Rs. 3.056 million, Rs. 1.599 and Rs. 0.263 million respectively, net off charge for SWWF in respect of element of income / loss and consequently NAV per unit would have been higher by Rs. 0.0106, Rs. 0.0019 and Rs. 0.0006 for NIAAP - VIII, NICPP I and NICPP II respectively.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

4.1 Financial Assets

4.1.1 Classification

The Fund classifies its financial assets in the following categories: loans and receivables, at fair value through profit or loss and available for sale. The classification depends on the purpose for which the financial assets were acquired. The Management Company determines the appropriate classification of its financial assets at the time of initial recognition and re-evaluates their classification on a regular basis.

a) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

b) Financial assets 'at fair value through profit or loss'

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as held for trading in the financial assets 'at fair value through profit or loss' category.

c) Available for sale

Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables or (b) financial assets at fair value through profit or loss. These are intended to be held for an indefinite period of time which may be sold in response to the needs for liquidity or changes in prices.

All investments in the Fund as at 30 June 2018 are classified as 'financial assets at fair value through profit and loss'.

4.1.2 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.1.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

4.1.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as at fair value through profit or loss and available for sale are valued as follows:

a) Basis of valuation of units of mutual funds

The investment of the Fund in the units of mutual funds is valued by reference to the net asset values (redemption prices) declared by the respective funds.

Net gains and losses arising from changes in the fair value of financial assets carried at fair value through profit or loss are taken to the 'income statement'.

Net gains and losses arising from changes in fair value of available for sale financial assets are taken to the statement of comprehensive income until these are derecognised or impaired. At this time, the cumulative gain or loss previously recognised directly in the 'statement of comprehensive income' is transferred to the 'income statement'.

b) Loans and receivables

Subsequent to initial recognition financial assets classified as loans and receivables are carried at amortised cost using the effective interest method.

Gains or losses are recognised in the income statement when the financial assets carried at amortised cost are derecognised or impaired.

4.1.5 Impairment of financial assets

The Fund assesses at each reporting date whether there is an objective evidence that the financial assets or a group of financial assets are impaired. The carrying value of the Fund's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment loss are recognised in the income statement.

4.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and where the Fund has transferred substantially all risks and rewards of ownership.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

4.1.7 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amount and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.2 Cash and cash equivalents

Cash and cash equivalents comprise of deposits and current accounts maintained with banks. Cash equivalents are short term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

4.3 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the income statement.

4.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

4.5 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs (formation cost) represent expenditure incurred prior to the commencement of operations of the Fund and include underwriting commission, commission to the bankers to the issue, brokerage paid to the members of the stock exchanges and other expenses. These costs are being amortised over a period of two years starting from the end of the initial offering period as per the requirements set out in the Trust Deed of the Fund and NBFC regulations.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Taxation

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the period, as reduced by capital gains, whether realised or unrealised, is distributed among the unit holders, provided that for the purpose of determining distribution of not less than 90% of its accounting income for the period, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts used for financial reporting purposes and amounts used for taxation purposes. In addition, the Fund also records deferred tax asset on unutilised tax losses to the extent that it is no longer probable that the related tax benefit will be realised. However, the Fund has not recognised any amount in respect of taxation in these financial statements where respective plans are in loss and in case of income the Fund distributes more than ninety percent of its accounting income for the current period and intends to continue availing the tax exemption in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year.

4.8 Issue and redemption of units

Units issued are recorded at the offer price of each allocation plan, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price of each allocation plan represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company.

Units redeemed are recorded at the redemption price of each allocation plan, as per the constitutive documents, applicable to units for which the distributors receive redemption requests during business hours of that day. The redemption price represents daily Net Asset Value (NAV) announced as of the close of the business day less any back-end load, provisions for transaction costs and any provision for duties and charges, if applicable.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

4.9 Element of income

Element of Income represents the difference between net assets value on the issuance or redemption date, as the case may be, of units and the Net asset Value (NAV) at the beginning of the relevant accounting period.

Element of Income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net asset value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the year under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the year. The income already paid (Element of Income) on redemption of units during the year are taken separately in statement of movement in unitholders' fund.

4.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

4.11 Net assets value per unit

The net asset value per unit as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of each allocated Plan by the number of units in circulation of the respective Plans at the period end.

4.12 Revenue recognition

- Dividend income is recognised in the income statement when the right to receive the dividend is established.
- Realised capital gains / (losses) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are included in the income statement in the period in which they arise.
- Profit on bank deposits is recognised using the effective yield method.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

4.13 Distribution

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared. Based on MUFAP's guidelines (duly consented upon by SECP) distributions for the year is deemed to comprise of the portion of amount of income already paid on units redeemed and the amount of cash distribution for the year.

The distribution per unit is announced based on units that were held for the entire period. The rate of distribution is adjusted with effect of refund of capital if any based on the period of investment made during the year. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

12.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, the MUFAP recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014.

In the repealed Companies Ordinance, 1984 and the now applicable Companies Act, 2017, mutual funds have not been included in the definition of financial institutions. The MUFAP has held the view that SWWF is applicable on asset management companies and not on mutual funds.

Had the provision for SWWF not been recorded in the financial statements of the Fund for the current period the net asset value of the Fund as at 30 June 2018 would have been higher by Rs. 0.0172, Rs. 0.0094, Rs. 0.0124 per unit of NIAAF - VIII, NICPP - I, NICPP - II respectively.

16 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the Management Company has distributed the income earned by the Fund during the year to the unit holders as per distribution policy (refer note 4.13) in case of NICPP - I and NICPP - II, therefore no provision for taxation has been made in these financial statements. The Management Company on 04 July 2018 (refer note 27) has declared distribution more than ninety percent of the Fund's accounting income for the period as reduced by capital gains, whether realised or unrealised, to its unit holders during the year. In case of NIAAP - VI, NIAAP - VII and NIAAP - VIII no provisions for taxation has been made as the respective plans were in loss after taking into account capital gains whether realized or unrealized.

24.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of financial instruments will fluctuate as a result of change in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Presently allocation plans are exposed to price risk due to their investment in the units of mutual funds. In case of 5% increase / (decrease) in the Net Asset Value per unit of the funds i.e. NAFA Islamic Active Allocation Equity Fund, NAFA Active Allocation Riba Free Savings Fund and NAFA Money Market Fund, the net income of the NIAAP - VI, NIAAP - VII, NIAAP - VIII, NICPP - I and NICPP - II would increase / (decrease) by Rs. 21.116 million, Rs. 9.239 million, Rs. 27.572 million, Rs. 82.936 million, Rs. 2.346 million [2017: Rs. 41.443 million (NIAAP - VI) and Rs. 4.640 million (NIAAP - VII)] respectively and net asset NIAAP - VI, NIAAP - VII, NIAAP - VIII, NICPP - I and NICPP - II (decrease) by the same amount as a result of gains / (losses) on these securities at 'fair value through profit and loss.

24.2 Credit risk

Credit risk represents the risk of a loss if counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to its investment in loans and receivables and bank balances. Risks attributable to investments in National Savings Certificate, Market Treasury Bills and Pakistan Investment Bonds is limited as these are guaranteed by the Federal Government while bank balances are maintained with banks with a reasonably high credit rating.

The analysis below summarises the credit quality of the Fund's bank balances as at 30 June 2018 and 30 June 2017.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mostly concentrated in government sector and deposits held with commercial banks.

24.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset, or that such obligations will have to be settled in a manner disadvantageous to the Fund.

Management of liquidity risk

The Fund is exposed to daily cash redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damages to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in the market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to ten percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, during the current period, no borrowing was obtained by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any significant redemptions during the period.

25 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market price used for financial assets held by the Fund in current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. Quoted prices (unadjusted) in active markets for identical assets or Liabilities (level 1).

IFRS 13, 'Fair Value Measurement' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in fair value hierarchy.

NAFA ISLAMIC ACTIVE ALLOCATION FUND-II

- 25.1** The Fund has not disclosed the fair values for these financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

26 UNIT HOLDERS' FUND RISK MANAGEMENT

The units holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units.

The Fund meets the requirement of sub-regulation 54 (3a) which requires that the minimum size of an Open End Scheme shall be one hundred million rupees at all time during the life of the scheme.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

Price risk is the risk that the fair value or future cash flows of financial instruments will fluctuate as a result of change in market maintaining sufficient liquidity to meet redemption, such liquidity being augmented by short term borrowing arrangements (which can be entered if necessary) or disposal of investments where necessary.
