NAFA GOVERNMENT SECURITIES SAVINGS FUND

DIRECTORS' REPORT

The Board of Directors of NBP Fullerton Asset Management Limited is pleased to present the Second Annual Report of **NAFA Government Securities Savings Fund** for the year ended June 30, 2016.

Fund's Performance

The size of NAFA Government Securities Savings Fund has decreased from Rs. 546 million to Rs. 304 million during the period, i.e. a decline of 44.32%. During the said period, the unit price of the Fund has increased from Rs. 9.6627 (Ex-Div) on June 30, 2015 to Rs. 10.2882 on June 30, 2016, thus posting a return of 6.46% as compared to its Benchmark (70% average 6-Month PKRV & 30% average 3-Month deposit rates of A+ & above rated banks) return of 6.21% for the same period. The return of the Fund is net of management fee and all other expenses.

NAFA Government Securities Savings Fund (NGSSF) invests a minimum of 70% in Government Securities. The Fund invests at least 10% of its assets in less than 90 days T-Bills or saving accounts with banks, which enhances liquidity profile of the Fund.

During the period under review (FY16), due to further abatement in inflationary pressures (average inflation of 2.9%), State Bank of Pakistan (SBP) reduced the policy rate by a cumulative 75 bps following a cumulative 300 bps reduction in FY15. SBP in its policy statement highlighted (i) improvement in the macroeconomic conditions, (ii) better law and order situation; and (iii) positive growth prospects underpinned by investment under China Pakistan Economic Corridor (CPEC). During the period under review, sovereign yields responded accordingly to policy rate cut of 75 bps. We see pickup in inflation to 6% by FY17 year-end due to partial recovery in commodity prices, measured PKR devaluation, and uptick in private sector borrowing.

The Fund has earned a total income of Rs.19.87 million during the period. After deducting total expenses of Rs.6.02 million, the net income is Rs.13.85 million. The asset allocation of NAFA Government Securities Savings Fund as on June 30, 2016 is as follows:

NAFA GOVERNMENT SECURITIES SAVINGS FUND

Income Distribution

The Board of Directors of the Management Company has approved cash dividend of 6.48% of opening ex-NAV (6.667% of the par value) during the year.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

REVIEW REPORT TO THE UNIT HOLDERS ON STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of NBP Fullerton Asset Management Limited ("the Management Company") for and on behalf of NAFA – Government Securities Savings Fund (the Fund) for the year ended 30 June 2016, to comply with the Listing Regulation No. 5.19 (Chapter 5) of Pakistan Stock Exchange Limited where the Fund is listed. The responsibility for compliance with the Code is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Fund's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Management Company's personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the company's corporate governance procedures and risks.

The Code requires the company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Fund's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Fund for the year ended 30 June 2016.

Further, we highlight below instances of non-compliance with the requirements of the Code as reflected in the paragraph reference where these are stated in the Statement of Compliance:

- i) Paragraph 21 As per the Code, there should be announcement of 'close period' prior to the announcement of interim / final results, however there was no such 'close period' announced during the year ended 30 June 2016.
- ii) Paragraph 23 A mechanism for an evaluation of the Board's own performance is in place. However, the Management Company is in the process of completion of the annual evaluation of the Board.

The Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with approved accounting standards as applicable in Pakistan, and for such internal control as the management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of NBFC Rules, the NBFC Regulations or directives issued by the SECP differ with the requirements of IFRS, the requirements of the NBFC Rules, 2003, the NBFC Regulations, 2008, or the directives issued by the SECP shall prevail.

2.2 Accounting convention

These financial statements are prepared under the historical cost convention except for investments which are carried at fair values.

2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Fund's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to the nearest thousand rupees, except otherwise stated.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in application of accounting policies principally related to Classification and valuation of investments (refer note 4.1 and note 6).

3 NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS OF IFRSs

3.1 IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities' and IFRS 13 'Fair Value Measurements'. These standards became applicable from 1 July 2015, as per the adoption status of IFRS in Pakistan.

The application of IFRS 10, IFRS 11 and IFRS 12 did not have any impact on the financial statements of the Fund.

IFRS 13 Fair Value Measurement, consolidates the guidance on how to measure fair value, which was spread across various IFRS, into one comprehensive standard. It introduces the use of an exit price, as well as extensive disclosure requirements, particularly the inclusion of non-financial instruments into the fair value hierarchy. The application of IFRS 13 did not have an impact on the financial statements of the Fund, except certain additional disclosures.

3.2 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 1 July 2016:

- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after 1 January 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have an impact on Fund's financial statements.
- Investment Entities: Applying the Consolidation Exception (Amendments to IFRS 10 – Consolidated Financial Statements and IAS 28 – Investments in Associates and Joint Ventures) (effective for annual periods beginning on or after 1 January 2016) clarifies (a) which subsidiaries of an investment entity are consolidated; (b) exemption to present consolidated financial statements is available to a parent entity that is a subsidiary of an investment entity; and (c) how an entity that is not an investment entity should apply the equity method of accounting for its investment in an associate or joint venture that is an investment entity. The amendments are not likely to have an impact on Fund's financial statements.
- Accounting for Acquisitions of Interests in Joint Operations – Amendments to IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after 1 January 2016) clarify the accounting for the acquisition of an interest in a joint operation where the activities of the operation constitute a business. They require an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a business. The amendments are not likely to have an impact on the Fund's financial statements.
- Amendment to IAS 27 'Separate Financial Statement' (effective for annual periods beginning on or after 1 January 2016) allows entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. The amendment is not likely to have an impact on the Fund's financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after 1 January 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self-constructed items of property, plant and equipment during construction. The amendments are not likely to have an impact on the Fund's financial statements.
- Amendments to IAS 12 'Income Taxes' are effective for annual periods beginning on or after 1 January 2017. The amendments clarify that the existence of a deductible temporary difference depends solely on a comparison of the carrying amount of an asset and its tax base at the end of the reporting period, and is not affected by possible future changes in the carrying amount or expected manner of recovery of the asset. The amendments are not likely to have an impact on Fund's financial statements.
- Amendments to IAS 7 'Statement of Cash Flows' are part of IASB's broader disclosure initiative and are effective for annual periods beginning on or after 1 January 2017. The amendments require disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flow and non-cash changes. The amendments are not likely to have an impact on Fund's financial statements.
- Amendments to IFRS 2 - Share-based Payment clarify the accounting for certain types of arrangements and are effective for annual periods beginning on or after 1 January 2018. The amendments cover three accounting areas (a) measurement of cash-settled share-based payments; (b) classification of share-based payments settled net of tax withholdings; and (c) accounting for a modification of a share-based payment from cash-settled to equity-settled. The new requirements could affect the classification and / or measurement of these arrangements and potentially the timing and amount of expense recognised for new and outstanding awards. The amendments are not likely to have an impact on Fund's financial statements.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after 1 July 2016). The new cycle of improvements contain amendments to the following standards:

- IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.
- IFRS 7 'Financial Instruments - Disclosures'. IFRS 7 is amended to clarify when servicing arrangements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety are in the scope of its disclosure requirements. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS7)' are not specifically required for inclusion in the Fund's financial statements.
- IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
- IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred.

The above amendments are not likely to have an impact on the Fund's financial statements.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented except for the additional disclosures (refer note 3.1).

4.1 Financial Assets

4.1.1 Classification

The Fund classifies its financial assets in the following categories: loans and receivables, at fair value through profit or loss and available for sale. The classification depends on the purpose for which the financial assets were acquired. The Management Company determines the classification of its financial assets at initial recognition.

a) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

b) Financial assets 'at fair value through profit or loss'

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as held for trading in the financial assets 'at fair value through profit or loss' category.

c) Available for sale

Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables or (b) financial assets at fair value through profit or loss. These are intended to be held for an indefinite period of time which may be sold in response to the needs for liquidity or change in price.

All investments in the fund as at 30 June 2016 are classified as 'financial assets at fair value through profit and loss'.

4.1.2 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.1.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed as incurred in the income statement.

4.1.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as at fair value through profit or loss and available for sale are valued as follows:

a) Basis of valuation of Debt Securities (other than government)

The debt securities are valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its Circular No. 33 of 2012 dated October 24, 2012. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

b) Basis of valuation of government securities

The investment of the Fund in government securities is valued on the basis of rates announced by the Financial Markets Association of Pakistan.

Net gains and losses arising from changes in the fair value of financial assets carried at fair value through profit or loss are taken to the 'income statement'.

Net gains and losses arising from changes in fair value of available for sale financial assets are taken to the statement of comprehensive income until these are derecognised or impaired. At this time, the cumulative gain or loss previously recognised directly in the 'statement of comprehensive income' is transferred to the 'income statement'.

Subsequent to the initial recognition, financial assets classified as 'loans and receivables' are carried at amortised cost using the effective interest rate method.

4.1.5 Impairment of financial assets

The carrying value of the Fund's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the income statement.

a) Debt securities

Provision for non-performing debt securities is made on the basis of time based criteria as prescribed under circular 33 of 2012 dated 24 October 2012 issued by SECP.

As allowed under circular no. 13 of 2009 dated 4 May 2009 and circular 33 of 2012 dated 24 October 2012 issued by SECP the management may also make provision against debt securities over and above the minimum provision requirement prescribed in the aforesaid circular, in accordance with a provisioning policy approved by the Board of Directors and disseminated by the Management Company on its website.

b) Loans and receivables

For financial assets classified as 'loans and receivables', a provision for impairment is established when there is objective evidence that the Fund will not be able to collect all amounts due according to the original terms. The amount of the provision is determined based on the provisioning criteria specified by SECP.

4.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and where the Fund has transferred substantially all risks and rewards of ownership.

4.1.7 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amount and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.2 Cash and cash equivalents

Cash and cash equivalents comprise of deposits and current accounts maintained with banks. Cash equivalents are short term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

4.3 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the income statement.

4.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

4.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

4.6 Taxation

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed among the unit holders, provided that for the purpose of determining distribution of not less than 90% of its accounting income for the year, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts used for financial reporting purposes and amounts used for taxation purposes. In addition, the Fund also records deferred tax asset on unutilised tax losses to the extent that it is no longer probable that the related tax benefit will be realised. However, the Fund has not recognised any amount in respect of taxation in these financial statements as the Fund has distributed more than ninety percent of its accounting income for the current period and intends to continue availing the tax exemption in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year.

4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the market facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.8 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called the 'element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed' is created, in order to prevent the dilution of per unit income and distribution of income already paid out on redemption.

The element of income and capital gains included in the prices of units issued less those in units redeemed to the extent that it is represented by income earned during the year is recognised in the income statement and to the extent that is represented by unrealized appreciation / (diminution) arising during the year on available for sale securities is included in the distribution statement.

4.9 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

4.10 Net Assets Value Per Unit

The net asset value per unit as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

4.11 Revenue recognition

- Realised capital gains / (losses) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are included in the income statement in the period in which they arise.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as 'available for sale' investments are included in the other comprehensive income in the period in which they arise.
- Discount on purchase of Market Treasury Bills is amortised to income statement using the straight line method.
- Profit on bank deposits, mark-up / return on investments in debt securities and income from government securities is recognised using the effective yield method.

10.1 Under the revised Non-Banking Finance Companies & Notified Entities Regulations 2008, notified on 25 November 2015, the Management Company of the Fund is entitled to a remuneration of an amount not exceeding 1.5 percent of average annual net assets. The Management Company has charged its remuneration at the rate of 1.5 percent per annum (30 June 2015: 1% average annual net assets) of the average net assets of the Fund till 6 December 2015 and effective from 7 December 2015, the Management Company has revised its remuneration to the rate of 10% of net income subject to minimum of 0.5% of average annual net assets and maximum of 1% of average annual net assets per annum.

10.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 15% on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011, effective from 1 July 2014. However, the rate has been revised from 15% to 14% effective from 1 July 2015.

10.3 As per the requirement of Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective 13 June 2013. The Management Company is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law. The Honorable Sindh High Court (SHC) through its recent order dated 2 June 2016, in CPD-3184 of 2014 (and others) filed by various taxpayers, has inter alia declared that Federal Excise Act 2005 (FED Act) is on services, other than shipping agents and related services, is ultra vires to the Constitution from 01 July 2011. However, the declaration made by the Honorable Court, as directed, will have affect in the manner prescribed in the judgment. The Sind High Court in its decision dated 16 July 2016 in respect of constitutional petition filed by management companies of mutual funds maintained the previous order on the FED.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

Sindh Revenue Board and Federal Board of Revenue have filed appeals before Honorable Supreme Court against the Sindh High Court's decision dated 2 June 2016. Therefore, as a matter of abundant caution, without prejudice to the above, the Management Company has made a provision with effect from 10 July 2014, aggregating to Rs.1.864 million. Had the provision not been made, the Net Assets Value (NAV) per unit of the Fund as at 30 June 2016 would have been higher by Rs. 0.0631 per unit (30 June 2015: Rs. 0.0291 per unit). However, after the exclusion of the mutual funds from federal statute on FED from 1 July 2016, the Fund has discontinued making the provision in this regard.

- 10.4** Securities and Exchange Commission of Pakistan through its SRO 1160(I)/2015 dated 25 November 2015 has revised the Non-Banking Finance Companies and Notified Entities Regulations, 2008. In the revised regulations a new clause 60(s) has been introduced allowing the management company to charge "fees and expenses related to registrar services, accounting, operation and valuation services related to CIS maximum up to 0.1% of average annual net assets of the Scheme or actual whichever is less" from the mutual funds managed by it.

The expenses represents the allocation of expenses relating to registrar services, accounting, operations and valuation services at 0.1% of average net annual assets of the Fund with effect from 25 November 2015.

- 11.1** The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets value of the Fund. The remuneration is paid to the Trustee monthly in arrears.

Based on the Trust Deed, the tariff structure applicable to the Fund is as follows:

Net Assets	Tariff per annum
Upto Rs 1,000 million	0.17% p.a. of net assets
On an amount Rs 1,000 million to 5,000 million	Rs 1.7 million plus 0.085% p.a. of net assets exceeding Rs 1,000 million.
On an amount exceeding Rs 5,000 million	Rs 5.1 million plus 0.07% p.a. of net assets exceeding Rs 5,000 million.

- 11.2** The Sindh Provincial Government levied Sindh Sales Tax at the rate of 14% on the remuneration of the Trustee through Sindh Sales Tax on Services Act, 2011, effective from 1 July 2015.

12 PAYABLE TO SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

Under the provisions of the NBFC Regulations, a collective investment scheme categorized as an income scheme is required to pay an annual fee to Securities and Exchange Commission of Pakistan, an amount equal to 0.075 percent of the average annual net assets of the Fund. The fee is paid annually in arrears.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

- 13.1 The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs. 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication.

During the year ended 30 June 2011, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. However, on 14 December 2010, the Ministry filed its response against the constitutional petition requesting the Court to dismiss the petition. According to the legal counsel who is handling the case there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in Court.

During the year ended 30 June 2012, the Honorable Lahore High Court (LHC) in a Constitutional Petition relating to the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006, and the Finance Act, 2008, had declared the said amendments as unlawful and unconstitutional. In March 2013, a larger bench of the Sindh High Court (SHC) passed an order declaring that the amendments introduced in the WWF Ordinance, 1971 through the Finance Act 2006 and 2008 respectively do not suffer from any constitutional or legal infirmity. However, the Honorable High Court of Sindh has not addressed the other amendments made in the WWF Ordinance 1971 about applicability of WWF to the CISs which is still pending before the Court. The decisions of SHC (in against) and LHC (in favour) are pending before Supreme Court. However, after the exclusion of the mutual funds from federal statute on WWF from 1 July 2015, the Fund has discontinued making the provision in this regard. As a matter of abundant caution, the Fund has decided to continue to maintain the provision for WWF amounting to Rs. 1.619 million (30 June 2015: Rs. 1.619 million). Had the same not been made the net assets value per unit of the Fund would have been higher by Re 0.0548 per unit (30 June 2015: Re. 0.0339 per unit).

14 CONTINGENCY AND COMMITMENT

There is no contingency and commitment as at 30 June 2016.

17 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders, provided that for the purpose of determining distribution of not less than 90% of its accounting income for the year, the income distributed through bonus units shall not be taken into account. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gains to the unit holders. Subsequent to the period, the Board of Directors of the Management Company in their meeting held on 30 June 2016 has distributed more than ninety percent of the Fund's accounting income for the period as reduced by capital gains, whether realised or unrealised, to its unit holders. Accordingly, no provision has been made in these financial statements for the year ended 30 June 2016.

24 FINANCIAL RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by Board of Directors and Audit Committee regularly to reflect changes in market conditions and the Fund's activities.

The management of these risks is carried out by the Investment Committee (IC) under policies approved by the Board of Directors of the Management Company. The IC is constituted and approved by the Board of Directors of the Management Company. IC is responsible to devise the investment strategy and manage the investment portfolio of the Fund in accordance with limits prescribed in the Non Banking Finance Companies and Notified Entities Regulations, 2008, offering document of the Fund in addition to Fund's internal risk management policies.

The Fund primarily invests in a portfolio of money market investments such as government securities, secured privately placed instruments, spread transactions, continuous funding system transactions and investments in other money market instruments (including the clean placements). Such investments are subject to varying degrees of risk. These risks emanate from various factors that include, but are not limited to market risk, credit risk and liquidity risk.

24.1 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price of securities due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk (equity price risk).

Management of market risk

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors and regulations laid down by SECP.

24.2 Currency risk

Currency risk is that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

24.3 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund does not hold any variable rate instrument and is not exposed to cash flow interest rate risk.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

b) Sensitivity analysis for fixed rate instruments

Fixed rate instruments comprise Market Treasury Bills and Pakistan Investment Bonds and bank balances. Except for Market Treasury Bills and Pakistan Investment Bonds, the Fund's income and net assets are substantially independent of changes in market interest rate.

As at 30 June 2016, the Fund holds Market Treasury Bills and Pakistan Investment Bonds which are classified as 'at fair value through profit or loss' exposing the Fund to fair value interest rate risk. In case of 100 basis points increase in rates announced by the Financial Markets Association of Pakistan on 30 June 2016, with all other variables held constant, the net income for the year and net assets would have been lower by Rs. 0.258 million (2015: Rs 1.229 million). In case of 100 basis points decrease in rates announced by the Financial Markets Association of Pakistan on 30 June 2016, with all other variables held constant, the net income for the year and net assets would have been higher by Rs. 0.473 million (2015: Rs 1.299 million).

The composition of the Fund's investment portfolio and rates announced by MUFAP is expected to change over time. Therefore, the sensitivity analysis prepared as of 30 June 2016 is not necessarily indicative of the effect on the Fund's net assets due to future movements in interest rates.

Yield / interest rate sensitivity position for on balance sheet financial instruments based on the earlier of contractual repricing or maturity date and for off balance sheet instruments based on settlement date is as follows:

24.4 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from yield / interest risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Presently, the Fund is not exposed to any price risk as no equity securities are held by the Fund as at 30 June 2016.

24.5 Credit risk

Management of credit risk

Credit risk represents the risk of a loss if counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to its investment in loans and receivables and bank balances. Risks attributable to investments in National Savings Certificate, Market Treasury Bills and Pakistan Investment Bonds is limited as these are guaranteed by the Federal Government while bank balances are maintained with banks with a reasonably high credit rating.

The analysis below summarises the credit quality of the Fund's bank balances as at 30 June 2016 and 30 June 2015.

Ratings	2016	2015
	(Rupees in '000)	
AAA	3,527	4,939
AA+	37,095	35,630
AA	1,147	4,484
AA-	25,649	137,206
A+	1,434	59,349
A-	278	457
	69,130	242,065

The maximum exposure to credit risk before any credit enhancement as at 30 June 2016 is the carrying amount of the financial assets.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mostly concentrated in government sector and deposits held with commercial banks.

NAFA GOVERNMENT SECURITIES SAVINGS FUND

24.6 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset, or that such obligations will have to be settled in a manner disadvantageous to the Fund.

Management of liquidity risk

The Fund is exposed to daily cash redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damages to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, during the current period, no borrowing was obtained by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any significant redemptions during the period.

Maturity analysis for financial liabilities

The table below analyses the Fund's liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows:

25 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market price used for financial assets held by the Fund

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly

IFRS 13, 'Fair Value Measurement' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
-
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in fair value hierarchy.

25.1 The Fund has not disclosed the fair values for these financial assets and financial liabilities, as these are either short term in nature or reprice periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

26 UNIT HOLDERS' FUND RISK MANAGEMENT

The units holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units.

The Fund meets the requirement of sub-regulation 54 (3a) which requires that the minimum size of an Open End Scheme shall be one hundred million rupees at all time during the life of the scheme.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

In accordance with the risk management policies stated in note 24, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by short term borrowing arrangements (which can be entered if necessary) or disposal of investments where necessary.
