DIRECTORS' REPORT

The Board of Directors of NBP Fullerton Asset Management Limited is pleased to present the reviewed financial statements of NAFA Income Fund (NIF) for the half year ended December 31, 2016.

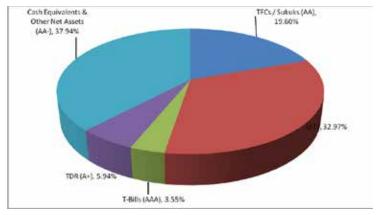

Fund's Performance

The size of NAFA Income Fund has increased from Rs. 619 million to Rs. 842 million during the period, an increase of 36%. During the period, the unit price of NAFA Income Fund has increased from Rs. 9.7377 on June 30, 2016 to Rs. 10.0689 on December 31, 2016, thus showing a return of 6.7% as compared to the benchmark return of 6.1% for the same period. The performance of the Fund is net of management fee and all other expenses.

NIF is categorized as an Income Scheme and has been awarded stability rating of 'A(f)' by PACRA. State Bank of Pakistan (SBP) maintained discount rate and policy rate at 6.25% and 5.75% respectively during the period under review. SBP cited improvement in macroeconomic stability, comfortable liquidity conditions coupled with healthy reserve accumulation, manageable inflationary backdrop, and CPEC related projects gathering momentum being balanced against latent risks to external accounts/factors. However, there are risks to the external account emanating from expected increase in commodity/global oil prices, confluence of declining remittances, challenged exports outlook and mounting external debt levels that may imperil the medium-term sustainability of the BoP position and warrant decisive policy action. Long-term sovereign yields witnessed an average increase of around 50 basis points, reflecting an uptick in inflation and interest rates.

Trading activity in corporate debt securities (TFCs & Sukuks) remained thin and was recorded at around Rs. 5 billion. Demand for the high credit quality corporate bonds issuance was again witnessed. All TFCs/Sukuks in the Fund are floating rate linked to KIBOR, mitigating the interest rate risk.

The Fund has earned total income of Rs.32.80 million during the period. After deducting expenses of Rs.5.07 million, the net income is Rs.27.71 million. The below chart presents the asset allocation and the weighted average credit rating of each of the sub-asset classes of NIF.

NBP Fullerton Asset Management Limited (the Management Company) is responsible for the preparation and presentation of this condensed interim financial information in accordance with the approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures in the condensed interim financial information for the quarter ended December 31, 2016 have not been reviewed by us, as we are required to review only the cumulative figures for the half year ended December 31, 2016.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as of and for the half year ended December 31, 2016 is not prepared, in all material respects, in accordance with the approved accounting standards as applicable in Pakistan for interim financial reporting.

7.1 Under the provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations), the Management Company of the Fund was entitled to a remuneration during the first five years of the Fund, of an amount not exceeding three percent of the average annual net assets of the Fund and thereafter of an amount equal to two percent of such assets provided that Management Company may charge performance based or fixed fee or a combination of both which shall not exceed the limit prescribed in the NBFC Regulations and such fee structure shall be disclosed in the offering document.

On November 25, 2015, SECP has made certain amendments in the NBFC Regulations through S.R.O 1160(1)/2015. As per the provision of amended NBFC Regulations, the applicable rate has been changed from 2% to 1.5%.

Page 22

The Management Company has charged management remuneration at the rate of 1% per annum until December 06, 2015. Thereafter from December 07, 2015, the Management Company has revised their policy for charging management remuneration as per table given below:

Management remuneration as % of net income *	Minimum management remuneration (as % of average net asset value)	Maximum management remuneration (as % of average net asset value)
10.00%	0.50%	1.00%

* Net income = Gross income - all expenses of the Fund excluding management remuneration and related Sales Tax and Federal Excise Duty thereon.

Management remuneration is paid on a monthly basis in arrears.

- 7.2 This represents amount payable in respect of Sindh Sales Tax at the rate of 13% (June 30, 2016: 14%) on remuneration of the Management Company through the Sindh Sales Tax on Services Act, 2011.
- 7.3 As per the requirement of the Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective from June 13, 2013. The Management Company is of the view that since the remuneration is already subject to the provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law, hence, a petition was collectively filed by the Mutual Funds Association of Pakistan with the Sindh High Court (SHC).

While disposing the above petition through order dated July 16, 2016, the SHC declared the said provisions to be ultra vires and as a result no FED is payable with effect from July 01, 2011. However, the tax authorities subsequently filed appeal against the decision of the SHC in the Supreme Court of Pakistan, which is pending for the decision.

Further, the Finance Act 2016, also introduced an amendment to the Federal Excise Act, 2005 whereby FED was withdrawn on services of different industries including Non-Banking Financial Institutions, which are already subject to provisional sales tax.

However, since the appeal is pending in the Supreme Court of Pakistan, the Management Company, as a matter of abundant caution, is carrying provision for FED aggregating to Rs. 2.808 million as at December 31, 2016.

Had the provision not being made, the net asset value per unit as at December 31, 2016 would have been higher by Rs.0.0336 per unit (June 30, 2016: Rs. 0.0442 per unit).

7.4 This represents reimbursement of certain expenses to the Management Company. As per regulation 60(3)(s) of the NBFC Regulations, fee and expenses pertaining to registrar services, accounting, operation and valuation services related to a Collective Investment Scheme (CIS) are chargeable to the scheme, maximum up to 0.1% of the average annual net assets or the actual cost whichever is lower. Accordingly, the Management Company has charged 0.1% of the average annual net assets, being the lower amount, to the Fund.

Tariff structure applicable to the Fund as at December 31, 2016 is as follows:

Net asset value

0.1% per annum of net asset value

8.2 The Sindh Provincial Government levied Sindh Sales Tax at the rate of 13% (June 30, 2016: 14%) on the remuneration of the trustee through Sindh Sales Tax on Services Act, 2011.

9 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

12 WORKERS' WELFARE FUND AND SINDH WORKERS' WELFARE FUND

The Finance Act, 2008 introduced amendments to the Workers' Welfare Fund Ordinance, 1971 whereby the definition of industrial establishment was extended. The amendments were challenged at various levels and conflicting judgments were rendered by the Lahore High Court, Sindh High Court and Peshawar High Court. The Honourable Supreme Court of Pakistan vide its judgment dated November 10, 2016, has upheld the view of Lahore High Court and decided that Workers Welfare Fund (WWF) is not a tax and hence the amendments introduced through Finance Act, 2008 are ultra-vires to the Constitution. The Federal Board of Revenue has filed Civil Review Petitions in respect of above judgment with the prayer that the judgment dated November 10, 2016 passed in the Civil Appeal may kindly be reviewed in the interest of justice.

Furthermore, the Sindh Revenue Board (SRB) had written to few mutual funds in January 2016 to register and pay Sindh Workers Welfare Fund (SWWF) for the accounting year closing on or after December 31, 2013. MUFAP reviewed the issue and based on an opinion decided that SWWF is not applicable on mutual funds as they are not financial institutions as required by SWWF Act, 2014. MUFAP wrote to SRB that mutual funds are not establishments and are pass through vehicles hence, they do not have any worker and no SWWF is payable by them. SRB responded back that as mutual funds are included in definition of financial institutions in the Financial Institutions (Recovery of Finance) Ordinance, 2001, therefore SWWF is applicable on mutual funds. MUFAP has taken up this matter before the Sindh Finance Ministry to exclude mutual funds from SWWF.

Page 24

In view of the above developments regarding the applicability of WWF and SWWF on mutual funds and considering the legal opinion obtained on these matters, MUFAP has recommended the following to all its members on January 12, 2017:

- The entire provision against the Federal WWF held by the mutual funds till June 30, 2015, to be reversed on January 12, 2017; and
- The provision in respect of Sindh WWF should be made on a prudent basis on January 12, 2017 with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015)."

Accordingly, the provision for Sindh WWF is being made on a daily basis going forward.

The above decisions were communicated to the SECP and the Pakistan Stock Exchange Limited on January 12, 2017 and the SECP vide its letter dated February 01, 2017 has advised MUFAP that the adjustments relating to the above should be prospective and supported by adequate disclosures in the financial statements of the mutual funds. Accordingly, the Fund has recorded these adjustments in its books on January 12, 2017.

The net effect of the above two adjustments if these had been made on December 31, 2016 would have resulted in an increase in the net asset value per unit of the Fund by Rs. 0.0304.

13 TAXATION

The Fund's income is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains whether realized or unrealized is distributed amongst the unit holders (excluding distribution made by issuance of bonus units). 18 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value hierarchy:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The following table presents the Fund's financial assets which are carried at fair value:

	As at December 31, 2016				
Assets	Level 1	Level 2	Level 3	Total	
At fair value through profit or loss - held for trading		00			
Government securities	-	29,908	-	29,908	
Term finance certificates	-	115,704	-	115,704	
Sukuks	-	49,426	-	49,426	
	As at June 30, 2016				
Assets	Level 1	Level 2	Level 3	Total	
At fair value through profit or loss - held for trading	Rupees in '000				
Government securities	-	41,578	-	41,578	
Term finance certificates	-	86,796	-	86,796	
Sukuks	-	48,903	-	48,903	

There were no transfers between above levels during the period.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The Fund has not disclosed the fair values for other financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.
