DIRECTORS' REPORT

The Board of Directors of NBP Fullerton Asset Management Limited is pleased to present the unaudited financial statements of NAFA Islamic Active Allocation Equity Fund (NIAAEF) for the period ended March 31, 2017.

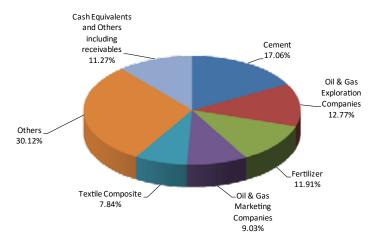

Fund's Performance

The Fund size of NIAAEF at the end of the period stood at Rs.4,391 million. During the period, the unit price of NAFA Islamic Active Allocation Equity Fund has increased from Rs.11.3756 (Ex-Div) on June 30, 2016 to Rs.15.1799 on March 31, 2017, thus showing an increase of 33.44%. The Benchmark, KMI-30 Index increased by 23.67% during the same period. Thus, the Fund has outperformed its Benchmark by 9.77% during the period under review. Since inception the NAV of the Fund has increased from Rs. 9.5784 (Ex-Div) on January 18, 2016 to Rs. 15.1799 on March 31, 2017, thus showing an increase of 58.48%. During the said period, the Benchmark increased by 56.67%, translating into outperformance of 1.81%. This performance is net of management fee and all other expenses.

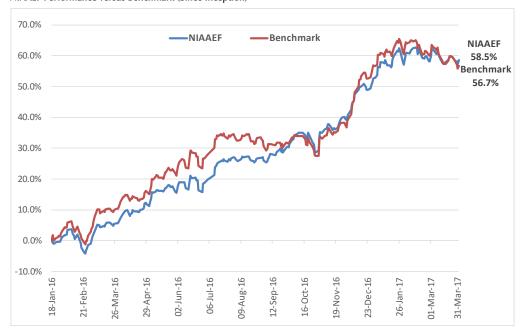

After lackluster stock market performance in FY16, the stock market bounced back sharply in 9MFY17, delivering impressive return of 27.5%. It is however worthwhile to note that most of the gains were made during 1HFY17 in which the benchmark KSE-100 index surged by 26.5%. Favorable macroeconomic indicators such as modest inflation, record low interest rates, all time high forex reserves coupled with reclassification of PSX into MSCI emerging market index from frontier market underpinned the strong run-up in the market during 1HFY17. Though the market carried on its momentum entering into 3QFY17 as KSE-100 index crested at all time high level of 50,192 on 26th January, the market remained quite jittery in the subsequent period. Rising political uncertainty unnerved the investors, triggering panic sell-off by the investors. Rising risks to the external account from widening current account deficit and stagnating foreign remittances further soured the investors' sentiments.

Engineering, Chemicals, Autos, Oil & Gas Marketing Companies and Textiles delivered superior returns during 9MFY17, while Fertilizers, E&Ps, Pharmaceuticals and Power sector underperformed the market during the period. Foreign investors remained large net sellers with outflows of USD483 mn during the aforesaid period. On the local side, Mutual Funds remained the main net buyers taking fresh equity exposure worth USD419 mn absorbing most of the foreign selling. Other than Mutual Funds, Insurance and other Companies also remained net buyers investing USD152 mn and USD131 mn, respectively. Amongst the local investors, Banks/DFIs significantly liquidated their equity position worth USD181 mn.

The Fund has earned total income of Rs.1,204.04 million during the period. After deducting expenses of Rs.95.581 million, the net income is Rs.1,108.46 million. The below chart presents the asset allocation of NIAAEF.

NIAAEF Performance versus Benchmark (Since Inception)

Acknowledgement

The Board takes this opportunity to thank its valued unit-holders for their confidence and trust in the Management Company, and providing the opportunity to serve them. It also offers its sincere gratitude to the Securities & Exchange Commission of Pakistan and State Bank of Pakistan for their patronage and guidance.

The Board also wishes to place on record its appreciation for the hard work, dedication and commitment shown by the staff and the Trustee.

- * All shares have a nominal face value of Rs 10 each except for shares of Thal Limited and K-Electric Limited which have a face value of Rs 5 and Rs. 3.5 each respectively.
- 4.1.1 Investments include shares with market value of Rs 159.461 million which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular number 11 dated October 23, 2007 issued by the SECP.

The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001. As a result of these amendments, companies are liable to withhold bonus shares at the rate of 5 percent. In accordance with the requirement of the Ordinance these shares shall only be released to a shareholder if the Company collects from the shareholder tax equal to 5 percent of the value of the bonus shares issued. The value of tax is computed on the basis of day-end price on the first day of book closure.

In this regard, a constitutional petition has been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs, which is pending adjudication. The petition is based on the fact that because the CISs are exempt from deduction of income tax under Clause 99 of Part I to the Second Schedule to the Income Tax Ordinance 2001, the withholding tax provision should not be applicable on bonus shares received by the CISs. A stay order has been granted by the High Court of Sindh in favour of the CISs.

5 CONTINGENCIES AND COMMITMENTS

There were no contingencies outstanding as at March 31, 2017 and June 30, 2016.

6 PROVISION FOR SINDH WORKERS' WELFARE FUND

The Sindh Revenue Board (SRB) had written to few mutual funds in January 2016 to register and pay Sindh Workers Welfare Fund (SWWF) for the accounting year closing on or after December 31, 2013. The Mutual Fund Association of Pakistan (MUFAP) reviewed the issue and based on an opinion decided that SWWF is not applicable on mutual funds as they are not financial institutions as required by SWWF Act, 2014. The MUFAP wrote to the SRB that mutual funds are not establishments and are pass through vehicles hence, they do not have any worker and no SWWF is payable by them. The SRB responded back that as mutual funds are included in definition of financial institutions in the Financial Institutions (Recovery of Finance) Ordinance, 2001, therefore SWWF is applicable on mutual funds. The MUFAP has taken up this matter before the Sindh Finance Ministry to exclude mutual funds from SWWF.

In view of the above developments regarding the applicability of SWWF on CISs / mutual funds the MUFAP has recommended that the provision in respect of SWWF should be made on a prudent basis on January 12, 2017 with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Accordingly, the provision for SWWF is being made by the Funds on a daily basis going forward. The above decision was communicated to the SECP and the Pakistan Stock Exchange Limited on January 12, 2017 and the SECP vide its letter dated February 1, 2017 has advised the MUFAP that the adjustments relating to the above should be prospective and supported by adequate disclosures in the financial statements of the CISs/ mutual funds. Accordingly, the Fund has recorded this adjustment in its books on January 12, 2017.

The scheme has maintained provision against Sindh Workers' Welfare Fund's liability to the tune of Rs 27.718/- million If the same were not been made, the NAV per unit of the scheme would have been higher by Rs 0.0958.

7 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the period, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders. The management intends to distribute atleast 90% of the Fund's net accounting income earned by the year end to the unit holders. Accordingly, no provision for taxation has been made in this condensed interim financial information.

The Fund is also exempt from the provision of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

8 Total Expense Ratio

Total Expense Ratio (all the expenses incurred during the period divided by Average net assets value for the period) is 3.96 % per annum including 1.52 % representing government levies on collective investment scheme such as sales tax, worker's welfare fund and SECP fee for the period.

9 SELLING AND MARKETING EXPENSE

During the current period, the SECP through its Circular No. SCD/PRDD/Circular/361/2016 (Circular No. 40 of 2016) dated December 30, 2016 introduced allowance for charging of selling and marketing expenses initially for three years (effective from January 01, 2017 till December 31, 2019) to the open end equity, asset allocation, and index funds maximum of 0.4% of the average annual net assets or the actual expenses, whichever is lower, subject to the conditions mentioned in the aforementioned Circular and its amendment of condition 05 through Circular No. SCD/PRDD/Circular/418/2016 (Circular No. 05 of 2017) dated February 13, 2017.

Based on the requirements to fulfil for charging selling and marketing expense, the Management Company has started accruing the expense to the Fund at the rate of 0.4% per annum of the average annual net assets of the Fund w.e.f March 01, 2017.
