Investment Objective

The objective of NAFA Islamic Capital Preservation Plan-IV is to earn a potentially high return through dynamic asset allocation between Shariah Compliant Dedicated Equity and Money Market based Collective Investment Schemes, while providing Capital Preservation of the Initial Investment Value including sales load at completion of twenty four months and beyond.

Fund Manager's Commentary

NBP Funds launched its NAFA Islamic Capital Preservation Plan-IV (NICPP-IV) in September, 2018 which is the second plan under NAFA Islamic Active Allocation Fund-III. The Plan is dynamically allocated between the Equity Component and Money Market Component by using the Constant Proportion Portfolio Insurance (CPPI) Methodology. Allocation to Equity Component is generally increased when equity market is rising, while allocation to the Money Market Component is generally increased when the equity market declines. The Plan is presently closed for new subscription. NICPP-IV has an initial maturity of two years.

Since inception, unit price of NICPP-IV has increased by 1.6% versus the Benchmark return of 1.9%. The current exposure in Equity Fund stands at 35.0%. During the month, maximum multiplier stood at 3.2 whereas minimum multiplier was 1.5.

Asset Allocation (% of Total Assets) 31-Jan-19 31-Dec-18
