Fund Manager's Commentary

NAFA launched its third open-end Islamic Equity Fund namely NAFA Islamic Energy Fund (NIEF) in April, 2016. The aim of the Fund is to provide growth to the investment of Unit holders over the long-term in approved Shariah compliant energy stocks.

NIEF started off the month with an allocation of around 80% in equities, which increased to around 86% towards the end of the month. NIEF underperformed the Benchmark in December as the Fund was overweight in select Energy sectors stocks which underperformed the market. During the month, the allocation was increased primarily in Power Generation & Distribution Companies Sector and Oil & Gas Exploration companies, whereas it was reduced in Oil & Gas Marketing Companies and Refinery Sectors.
