Fund Manager's Commentary

NBP Funds launched its third open-end Islamic Equity Fund namely NAFA Islamic Energy Fund (NIEF) in April, 2016. The aim of the Fund is to provide growth to the investment of Unit holders over the long-term in approved Shariah compliant energy stocks.

NIEF started off the month with an allocation of around 85% in equities, which decreased to around 84% towards the end of the month. NIEF underperformed the Benchmark in March as the Fund was overweight in select Energy sectors stocks which underperformed the market. During the month, the allocation was increased primarily in Oil & Gas Marketing Companies sector, whereas it was reduced primarily in Oil & Gas Exploration Companies, and Power Generation & Distribution Companies sectors.
