Investment Objective

To seek preservation of Capital and earn a reasonable rate of return via investing in money market and debt securities with investment-grade rating, CFS and spread transactions.

Fund Manager Commentary

The Fund posted an annualized return of 25.4% in February 2014 as compared to the benchmark return of 10.2%. Outperformance of the Fund during the month is due to 1) Sale of non performing TFC. 2) profit payment of non performing Household Goods sector and cement sub-sector Sukuks. During the last one year the Fund has outperformed its benchmark by 5.2% by earning an annualized return of 14.8%.

Weighted average price of the TFC portfolio (excluding TFCs which are fully provided) is Rs. 88 against the par value of Rs. 100. The weighted average Yield to Maturity of the Fund is around 13.30% p.a. and that of the TFC portfolio is 18.52% p.a. The weighted average time to maturity of the Fund is about 1.63 years. The Fund's sector allocation is fairly diversified with exposure to Chemical, Electricity, Banking, Construction & Material, Travel & Leisure and Financial Services sub-sectors. TFC portfolio of the Fund is predominantly floating rate linked to KIBOR. However, since TFCs prices may go up or down, therefore, only investors with medium-term investment horizon are advised to invest in this Fund.
