4.2.6 In case the Management Company announces a suspension of further issue of Units of NFSIF, it may allow existing Unit Holders to continue acquiring Units out of any dividend declared on Units held under this option.

4.2.7 The Unit Holder may withdraw funds from the option at any stage by filling out and submitting the prescribed form to the Distributor/Investment Facilitator. If the value of the account goes below the prescribed amount as a result of loss in valuation or as a result of application of Clauses 4.2.4(a) & 4.2.4(b) above, the minimum value requirement shall not apply to that extent. In such an event, the Unit Holder is free to discontinue the option or convert the remaining Units into Growth Units.

4.2.8 Certificates representing Income Units shall not be issued. However, the Transfer Agent shall send directly to each Unit Holder an account statement each time there is a transaction in the account.

4.2.9 All Units and fractions thereof (up to four or more decimal places) represent an undivided share in the Scheme and rank pari passu as to their rights in net assets, earnings and receipt of dividends and distributions. This fee may be revised from time to time by the Management Company. 4.8 Suspension of Dealing, Queue System and Winding Up

Under the circumstances mentioned in Clause 4.9 below, the Management Company may request the Trustee to approve a temporary change in the method of dealing in Units

4.8.1 Suspension of Fresh Issue of Units

The Management Company may, under certain circumstances, suspend issue of fresh Units. These circumstances may include

- A situation in which the Management Company has decided to terminate the Fund, subject to regulatory approval;
- A situation in which it is not possible to invest the amount received against issuance of fresh units e.g. closure of money markets and/ or scheduled banks etc.; or
- Any other situation in which issuance of fresh units is, in Management Company's opinion, against the interests of the existing/remaining unit holders.

The Management Company shall announce the details of exemptions at the time a suspension of fresh issue of units is announced. Such suspension may however not affect existing Unit Holders, the issue of bonus Units as a result of profit distribution or the option to receive dividends in the form of additional Units. The Management Company shall immediately notify the SECP if fresh issue of Units is suspended and shall also have the fact published, immediately following such decision, in the newspapers in which the Fund's prices are normally published.

4.8.2 Suspension of Dealing in Units

In the event of extraordinary circumstances as mentioned in Clause 4.9 of this Offering Document, the Management Company may suspend or defer dealing in Units. Suspension of redemption of units has to be carried out simultaneously with suspension in issuance of units. The circumstances under which the Management Company may suspend redemption shall be the event of war (declared or otherwise), natural disasters, a major breakdown in law and order, breakdown of the communication system, terrorist threat and / or activities, closure of the capital markets and /or the banking system or strikes or other events that render the Management Company, Transfer Agent, Trustee or the Distributors unable to function or any other conditions mentioned in the Regulations.

The Management shall ensure that in case of suspension of redemption of Units of the Scheme due to extra ordinary circumstances, the issuance of fresh Units shall also be kept suspended until and unless redemption of Units is resumed.

A permanent change in the method of dealing shall be made after expiry of one month's notice to Unit Holders and with the approval of Trustee. A temporary change shall only be made:

- (a) in exceptional circumstances, having regard to the interests of Unit Holders; or
- (b) if the possibility of a change and the circumstances in which it can be made have been fully disclosed in the Offering Document; and
- (c) with the approval of the Trustee.

4.8.3 Queue System

In the event redemption requests on any day exceed ten percent (10%) of the Units in issue, the Management Company may invoke a Queue System whereby requests for redemption shall be processed on a first come first served basis for up to ten percent (10%) of the Units in issue. The Management Company shall proceed to sell adequate assets of the Fund and / or arrange borrowing as it deems fit in the best interest of all Unit Holders and shall determine the redemption price to be applied to the redemption requests based on such action. Where it is not practical to determine the chronological ranking of any requests in comparison to others received on the same Dealing Day, such requests shall be processed on basis proportionate to the size of the requests. The Management Company shall provide all redemption requests duly timed and date stamped to the Trustee within 24 hours of receipt of any such request following the queue system. The requests in excess of ten percent (10%) shall be treated as redemption requests qualifying for being processed on the next Dealing Day at the price to be determined for such redemption requests. However, if the carried over requests and the fresh requests received on the next Dealing Day still exceed ten percent (10%) of the Units in issue, these shall once again be treated on first come first served basis and the process for generating liquidity and determining the redemption price shall be repeated and such procedure shall continue till such time the outstanding redemption requests come down to a level below ten percent (10%) of the Units then in issue.

4.8.4 Winding up in view of Major Redemptions

In the event the Management Company is of the view that the quantum of redemption requests that have built up are likely to result in the Fund being run down to an unsustainable level or it is of the view that the sell off of assets is likely to result in a significant loss in value for the Unit Holders who are not redeeming, it may announce winding up of the Fund. In such an event, the Queue System, if already invoked, shall cease to apply and all Unit Holders shall be paid after selling the assets and determining the final Redemption Price. However, interim distributions of the proceeds may be made if the Management Company finds it feasible. In case of shortfall, neither the Trustee nor the Management Company shall be liable to pay the same.

4.9 Issue and redemption of Units in extraordinary circumstances

The Management Company may, at any stage, suspend dealing in Units and for such periods as it may so decide provided that Issuance and redemption may only be suspended simultaneously during extraordinary circumstances. The issue and redemption of Units may be suspended with the approval of the Board of Directors of the Management Company during extraordinary circumstances including closure of the money market and scheduled banks, the existence of a state of affairs which in the opinion of the Management Company constitutes an emergency as a result of which disposal of any investment would not be reasonably practicable or might seriously prejudice the interest of the Fund or of the Unit Holders, a break down in the means of communication normally employed in determining the price of any investment or when remittance of money cannot be carried out in reasonable time and if the Management Company is of the view that it would be detrimental to the remaining Unit Holders to redeem Units at a price determined in accordance with the Net Asset Value. The Management Company may announce a suspension or deferral of redemption. Such a measure shall be taken to protect the interest of the Unit Holders in the event of extraordinary circumstances or in the event redemption requests accumulate in excess of ten percent (10%) of the Units in issue. In the event of a large number of redemption requests accumulating, the requests may be processed in a Queue System and under extreme circumstances the Management Company may decide to wind up the Fund. Details of the procedure are given in Clause 4.8 herein above. Such suspension or queue system shall end on the day following the first Business Day on which the conditions giving rise to the suspension or Queue System, shall in the opinion of the Management Company, have ceased to exist and no other condition under which suspension or Queue System is authorized under the Deed exists.

In case of suspension and invoking of a Queue System and end of suspension and Queue System, the Management Company shall immediately notify the SECP and publish the same in the newspaper in which the Fund's prices are normally published. In the event investments in the Fund by one Unit Holder is in excess of 5% of Net Asset Value of the Fund, and the Management Company believes such investment may adversely affect the interest of existing unit holders, it has the option to decline to accept the investment.

However, the Front-end Load may not be added to the NAV for such units that are being converted in another scheme being run by the Management Company.

However, the Back-end Load may not be deducted from the NAV for such units that are being converted in another scheme being run by the Management Company. In any case the cumulative Front-end Load and Back-end Load on a particular Unit would not exceed 5% of the NAV.

4.10.5 The Management Company shall, at such frequencies as may be prescribed in this Offering Document or under the Regulations, determine and announce the Net Asset Value based prices of the Units. Under certain circumstances as provided in this Offering Document, the Management Company may suspend the announcement of the prices.

4.10.6 The Management Company may publish the Purchase (Offer) and Redemption (Repurchase) Prices in at least one daily newspaper widely circulated in Pakistan.
