Fund Manager Commentary

NBP Funds launched its NAFA Islamic Active Allocation Plan-IV (NIAAP-IV) in September, 2016 which is the fourth plan under NAFA Islamic Active Allocation Fund-I. The Active Allocation Plan is dynamically managed between dedicated equity related and income schemes managed by NBP Funds based on the Fund Manager's outlook of the authorized asset-classes. The Plan is presently closed for new subscription. NIAAP-IV has an initial maturity of two years.

Since inception, NIAAP-IV has increased by 1.5% p.a inline with the Benchmark. The current exposure in Income Fund and Equity Fund stands at 13.2% & 77.4%, respectively. The Plan can invest up to 100% in equity funds. We are confident that the Plan will generate good returns considering the improved macroeconomic and political outlook and dynamic equity allocation mechanism of the Fund.
