**8. Dealing, suspension and deferral of dealing**

**8.1 Temporary change in the method of dealing**

Subject to compliance with the Rules and Regulations and the circumstances mentioned in the Offering Document, the Management Company may request the Trustee to approve a temporary change in the method of dealing in Units. Such approval shall not be unreasonably withheld.

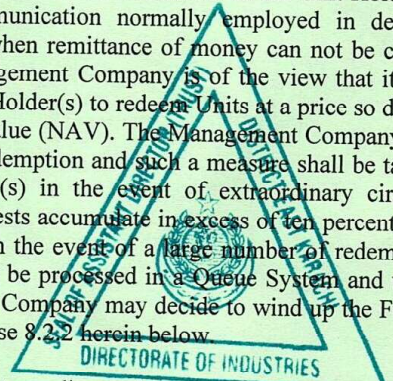

**8.2 Suspension of redemption of Units**

8.2.1 The Redemption of Units may be suspended during extraordinary circumstances including closure of one or more Stock Exchanges on which any of the Securities invested in by the Scheme are listed, the existence of a state of affairs, which in the opinion of the Management Company, constitutes an emergency as a result of which disposal of any investment would not be reasonably practicable or might seriously prejudice the interest of the Scheme or of the Unit Holder(s), or a break down in the means of communication normally employed in determining the price of any investment, or when remittance of money can not be carried out in reasonable time and if the Management Company is of the view that it would be detrimental to the remaining Unit Holder(s) to redeem Units at a price so determined in accordance with the Net Asset Value (NAV). The Management Company may announce a suspension or deferral of redemption and such a measure shall be taken to protect the interest of the Unit Holder(s) in the event of extraordinary circumstances or in the event redemption requests accumulate in excess of ten percent of the Units in issue or 10% of Fund NAV. In the event of a large number of redemption requests accumulating, the requests may be processed in a Queue System and under extreme circumstances the Management Company may decide to wind up the Fund. In the event of extra-ordinary circumstances, the Management Company may suspend or defer Redemption of Units. suspension and queue system the Management Company shall immediately notify the SECP and publish the same in newspapers in which the Fund's prices are normally published.

**8.3 Suspension of fresh issue of Units**

The Management Company may, under certain circumstances, suspend issue of fresh Units. These circumstances may include

- The situation referred in clause 15.4 & 15.5 of this Re-Stated Trust Deed;
- A situation in which it is not possible to invest the amount received against issuance of fresh units e.g. closure of stock exchange etc.; or
- Any other situation in which issuance of fresh units is, in Management Company's opinion, against the interests of the existing/remaining unit holders.

Such suspension may however not affect existing subscribers for the issue of bonus Units as a result of profit distribution or the option to receive dividends in the form of additional Units. The Management Company shall announce the details of exemptions at the time a suspension of fresh issue is announced. The Management Company shall immediately notify the SECP and Trustee if fresh issue of Units is suspended and shall also have the fact published, immediately following such decision, in the newspapers in which the Fund's prices are normally published.

**8.4 Queue System**

In the event redemption requests on any day exceed ten percent of either the number of Units outstanding or the rupee redemption value of the Units in issue, the Management Company may invoke a queue system whereby requests for redemption shall be processed on a first come first served basis for upto ten percent of the Units in issue. The Management Company shall proceed to sell adequate assets of the Fund and/ or arrange borrowing as it deems fit in the best interest of the Unit Holder(s) and shall determine the redemption price to be applied to the redemption requests based on such action. Where it is not practical to determine the chronological ranking of any requests in comparison to others received on the same Dealing Day, such requests shall be processed on a proportional basis proportionate to the size of the requests. The requests in excess of the ten-percent shall be treated as redemption requests qualifying for being processed on the next Dealing Day at the price to be determined for such redemption requests. However, if the carried over requests and the fresh requests received on the next Dealing Day still exceed ten percent of the Units in issue or 10% of the NAV of the Fund, these shall once again be treated on first-come-first served basis and the process for generating liquidity and determining the Redemption Price shall be repeated and such procedure shall continue till such time the outstanding redemption requests come down to a level below ten percent of the Units then in issue.

**8.5 Winding up in view of major redemptions**

In the event the Management Company is of the view that the quantum of redemption requests that have built up shall result in the Trust Property being run down to an unmanageable level or it is of the view that the sell-off of assets is likely to result in a significant loss in value for the Unit Holder(s) who are not redeeming, it may announce winding up of the Fund. In such an event, the Queue System, if already invoked, shall cease to apply and all Unit Holder(s) shall be paid after selling the assets and determining the final Redemption (Repurchase) Price. Interim distributions of the proceeds may be made if the Management Company finds it feasible.
